Appointment of a Principal and Prof. of Textile Technology in the S.K.S.J. Technological Institute, Bangalore.

Letter No. A1-376/1882 dated 12.1.1948 from the Principal and Secretary S.K.S.J. Technological Institute, Bangalore, forwarding for orders of Govt applications received and resolution passed by the Board of management of the Institute re: appointment of a Principal and Professor of Textile Technology for the Institute.

Letter dated 10.1.1948 from Gurubhakta Tilaka Rao Bahadur N.S. Nanjundiah, Hassan, forwarding a copy of representation of his son Mr. Sree Nagabhushana in respect of his claims for confirmation in the post of Principal and Professor of S.K.S.J. Technological Institute, Bangalore.

Submitted

'A' 1) Kind reference is invited to the Govt order No. 839-40/CB. 60-47 1 dated 19.8.1947 sanctioning, among other things the readvertisement of the post of Principal and Professor of Textile Technological of the Sri Krishnarajendra Silver Jubilee Technological Institute, Bangalore on a revised scale of pay of Rs 600-50-1000 with a provision that

~~highest~~ the starting pay to be given may be higher than the minimum depending upon the qualifications and experience of the applicant.

2) The principal and Secretary of the S. K. S. J. Technological Institute has now reported, that ~~according to the directions~~ Govt the post was extensively advertised both in the Mysore Gazette and local and outside Newspapers Through the publicity Officer to Govt and that, in response to the advertisement, fifteen applications were received and that the Board of Management of the Institute, has after a careful Scrutiny of each of the applications, ~~has~~ resolved unanimously, at its meeting held on 16th November 1947,

(1) That Mr. V.P. Halkatti be recommended to Govt for appointment as principal and professor of Textile Technology on Rs 750/- p.m in grade Rs 600-50-1000, on probation for one year; and that

(2) on the approval by Govt of the above recommendation the Director, Indian Standards Institution, be written for the early relief of Mr. Halkatti and, until he joins duty in the Institute, the present arrangements be continued

3) The principal and Secretary Institute has forwarded a list of the applications received as also Copies of the applications for the information of Govt. He has also stated that the Director, Indian Standards Institution, New Delhi, has stated, while forwarding the application of Mr. Hallikatti, that if he is selected he may not be relieved before a new incumbent has been selected and joins duty or before the expiry of six months' notice whichever is shorter, and has requested early orders of Govt on the resolutions of the Board of Management.

'B' 4) Gurubhakta Silaka Rao Bahadur N.S. Nanjundiah has forwarded in this connection a copy of a representation of his son, Sri Nagabhushana, in respect of his claims for Confirmation in the post of Principal and Professor of the S.K.S.J. Technological Institute.

Submitted for orders.

8/2. Please put up the immediately the files nos 396 9-43 8&19, 20 etc and C.B. files no. 294-46 (1&2) and 293-46-(1).

bCB collections 293-46 in 1
and EB 294-46-1,2 are put up. The
mm collection no 9-43-19,20 has
been put taken by Edn Br. for
reference --

CKR 9/2/48 1) The letter from the Principal
and Secy, Sri Krishnarajendra Silver Jubilee
Technological Institute, soliciting orders
on the resolution of the Board of Manage-
ment of the above institute recommending

(i) the appointment of Mr CP. Halkatti
as Principal and Prof. of Textile Technology
on Rs 750/- pm
(in grade Rs 600-50-1000, on proba-
tion for one year, and

(ii) the continuance of the existing
arrangements until he joins duty
in the Institute;

is for perusal and orders.

2 When the pay of the post of
the Principal & Professor Textile Technology
was revised to Rs 600-50-1000, it was
stated that the starting pay to be
given need not necessarily be the
minimum, but may be higher depending
upon the qualifications and experiences
of the applicant. Mr. Halakatti, who is

is now proposed to be appointed as
and Professor of Textile Technology,
recommended to be started on a
of Rs 750/- p.m. in the grade of Rs 600-
But reasons for giving a higher start
not been mentioned. From the list of
applications enclosed it is seen that Sri
Halakatti is holding the post of Asst. Dir
Indian Standards Institution and is stated
to be drawing a pay of Rs 840/- in the
grade of Rs 700-30-1050. His general and
Technical qualifications are detailed in
the list Sl. No. 14. The higher starting pay
recommended is for orders.

C"

I Kind reference is also invited to
the letter dated 10th Jan. 1948 from
Gurubhakta Filaka Rao Bhadur N.S.
Nanjundaiya, addressed to the Minister
for Fin and Ind. enclosing a copy of
representation which his son, Sri.
Nagabhushana has submitted in con-
nection with his claim for confirmation
and promotion in the post of Principal

B"

Prin[illegible] and Professor. Mr. Srinagabhushana
is [illegible] the nine applicants that applied
for [illegible] post of Principal and Professor in
[illegible] Coat, when the post was advertised
[illegible] year 1947. The Board of Manage-
[illegible] of the Institute which considered
[illegible] applications, has stated that
[illegible] of them possessed all the qualifications
necessary for the Principalship of a
Degree college of Textile Technology.
(vide para 2 of letter No. A1. 4285 dated "I"
13th June 1947 from the Ag. Principal &
Secy of the Board of Management.

10 the is also one of the 15 applicants
for the post when it was re-advertised and the
Board have unanimously selected
Mr C.P. Halakatti.

" When Mr. Srinagabhushana was appointed "
to act as Professor of Textile Technology
and Principal of the Institution in question
he was permitted to draw an ag. allowance
of on the minimum pay of the Professors'
grade viz Rs 400/- and in case Mr. B.K. Kurtkoti

should continue to be on their duty for more one year, mr Srinagabhushana may draw acting allowance on the stages of pay in the grade of Rs 400-25-700. The connected file is stated to have been put up as reference to another file by the Edn. Br and it is therefore not readily available. When the pay of the post of Principal and Prof in question was revised to Rs 600-50-1000, mr Srinagabhushana was allowed to draw acting allowance in the revised grade pay of the post of Principal-viz Rs 600-50-1000 in addition to his substantive pay as Professor till the post of Principal and Prof. is substantively filled up. (Vide discussions in C.B. file no. 60-47 (2) put up.)

12 As regards the circumstances leading to the appointment of mr Srinagabhushana as Professor in the grade of Rs 400-25-700, kind reference is invited to the file note dated 5th August 1947. In the above circumstances the claims of mr Srinagabhushana for being appointed Principal and Professor of Textile Technology is for orders

P"

Filling up of the post of Principal and Prof of Textile Technology

(3) Points for orders are :— 2909/CB

(1) Appointment of Mr. C.P. Halkatti as Principal and Prof on Rs 750/- in the grade of Rs 600-50-1000, on probation for one year; and the continuance of the existing arrangements until Mr. Halkatti joins duty in the Institute.

(2) Representation of Mr Srinaga bhushana

(1) The Board of Management of Sri Krishnarajendra Silver Jubilee Technological Institute has unanimously recommended the appointment of Mr. C.P. Halkatti as principal & professor on a pay of Rs 750 in Grade Rs 600-50-1000 on probation for one year. The Board's selection has been made after advertising the post extensively in outside papers also, from out of 15 applicants who applied in response. Though reasons have not been given in the letter of the Secretary to the Board (Mr. Srinagabhushana) for the Board's recommendation to start Mr. Halakatti on a higher pay than the minimum, it may be seen that this is in accordance with the discretion vested in the Board vide G.O. dated 19-8-47 flagged A and presumably because Mr. Halakatti possesses the high foreign qualifications and experience and is already getting a

9/2/48

higher salary viz Rs 840 as Asst. Director, Indian Standards Institution, New Delhi. (vide flag C).

The recommendation of the Board may, perhaps, be approved with financial Concurrence. This is a Council subject and its disposal at a meeting or by circulation is for orders.

15) The representation of Sri Singaravelu Shunkana the present acting professor and principal of the Institute who is holding the post pending its filling up by advertisement, which his father Rao Bahadur Mr N. S. Narayandas has presented is for formal in this Connection, the also Sri S. Rangaramiah's letter and its enclosures.

Flag B

was also one of the 15 applicants whose cases have been Considered by the Board, which has not chosen to recommend him. Though he does not possess any foreign technical degree and experience of the teaching in foreign countries which Sri Halakatti has to his credit, he still claims that he has a better qualified. It is a matter for Consideration how far this claim of his is sustainable. Sri Singaravelu Shunkana was an Asst. professor in the Institute in grade 200 - 25/2 - 300 and was appointed Acting Professor in June 1944 in grade 400 - 25 - 700 With the retirement of Sri B. K. Murthy who was Director of Textiles and principal of the Institute Sri Singaravelu Shunkana became principal also from 14.6.46 drawing the principal's Duly Allowance of Rs 100 in addition. Subsequently, the post of an Additional Professor on Rs 400 - 25 - 700 was created (vide G.O. x 19.8.47) in order to enable him to be confirmed, Converting an Asst. professor's post into that of a professor. This was obviously because for the post

Flag A

professor & principal which he was holding

2909/CB

was considered necessary to attract a better qualified candidate after revising its pay. It may thus be seen that there has been breaked unceremoniously by Government.

Edn Secy) 19/2/48

6) There cannot be any comparison between Shri Sree Nagabhushana and Shri Halekatti. The latter is far superior to the former. Shri Sree Nagabhushana is given more than what he deserves.

7) The recommendation of the Board of Management may be approved.

I wonder how D.T.I or F.T.I. is a financial matter deserving to be noticed by the Financial Secretary. However that does not matter much.

What I wish to know why he wants the difference between the two titles to be ascertained. Of course Mr Napthine has the title of F.T.I. but who is the other person who is said to possess D.T.I and whose title of D.T.I. is to be compared with F.T.I. regarding the point of difference? If the final selection for Principal Ship depends on this ascertainment it will surely be done. Otherwise it would serve no useful purpose to do so.

NOTE—Contn. Sheet.

Serial No.

33) In connection with the filling up of the place of the Principal and Professor of Textile Technology in the Sri K.S.T.I. Institute The Board of Management of the Institute has out of 15 persons that applied for it, in response to an advertisement made on an all India basis unanimously selected Sri C.P. Halkatti who is now in the Govt of India Service and recommended his name for approval. Considering his qualifications both general and technical, his practical training in a number of Mills and Factories in India and in Foreign countries and his administrative experience in important all India posts, he seems to be quite well fitted for the place.

34) Ever since the recommendation was made a sort of wild propaganda is being carried on in the press and otherwise against Mr Halkatti and in favour of Sri Srinagabhushana who as the senior most person working in the institute is put in temporary charge of the principalship pending permanent arrangement being made. The points raised in the agitation were referred to the V.C. for examination and his D.O. nos 141 & 160 dated 2/4/48

DEWAN'S OFFICE
11 AUG 1948
No. 830

And 16/5/48 respectively which are well worthy of personal file a clear answer to them all. The imperceptible effect of such subtle propaganda was sometimes visible in the secretarial setting itself. This is by the way.

35) Regarding the pay to be given to Sri Kalkatti the Board has proposed to fix the same at Rs 750 in the grade of Rs 600-50-1000. To which the Fin Secy has objected. As stated in para 14 of the notes above the higher start in the grade seems to have been recommended in exercise of the discretion given to the Board under the G.O dated 19/8/47 and in view of Mr Kalkatti's high foreign qualifications and experience and having due regard to his present pay of Rs 840 (excluding allowances) as Asst Director, Indian Standards Institution in grade 700-35-1050.

36) For the foregoing reasons the recommendation of the Board which is unanimous may be approved.

Final Note by the Minister for Education

Subject.— Appointment of Principal, Sri Krishnarajendra Silver Jubilee Technological Institute and strengthening the staff of the Institute.

46) With the gracious approval of His Highness sanction was accorded to the following proposals:

(a) to revise the scale pay of the post of the Principal and Professor of Textile Technology from Rs.400-25-700 to Rs.600-50-1000, as the scale previously sanctioned was not sufficiently attractive to make candidates with necessary high qualifications to apply for the responsible appointment of the Principalship of a Degree College of Textile Technology;

(b) to readvertise the post of the Principal and Professor of Textile Technology;

(c) to strengthen the staff of the Institute by converting one of the two existing posts of Assistant Professors in the Institute to that of a Professor in grade Rs.400-25-700;

(d) to appoint Sri Nagabhushana, Assistant Professor as Professor against the post referred to in (c).

47) Accordingly the post was readvertised and 15 applications were received. The Board of Management at their meeting held on 15-11-1947, after a careful scrutiny of all the applications resolved unanimously that Sri C.P.Halkatti, Assistant Director, Indian Standards Institution be recommended to Government for appointment as Principal on Rs.750/- on probation for one year.

48) When the file was submitted to me, I minuted on 8-8-48 as follows:-

"In connection with the filling up of the place of the Principal and Professor of Textile Technology in the Sri Krishnarajendra Silver Jubilee Technological Institute, the Board of Management of the Institute has, out of 15 persons that applied for it in response to an advertisement made on an All-India basis unanimously selected Sri C.P.Halkatti who

is now in the Government of India service and recommended his name for approval. Considering his qualifications both general and technical, his practical training in a number of mills and factories in India and in Foreign countries and his administrative experience in important All-India posts, he seems to be quite well fitted for the place.

49) Eversince the recommendation was made a sort of wild propaganda is being carried on in the press and otherwise against Mr.Halkatti and in favour of Sri Srinagabhushana who as the seniormost person working in the Institute is put in temporary charge of the Principalship, pending permanent arrangements being made. The points raised in the agitation were referred to the Vice-Chancellor for examination and his D.O. Nos.141 & 160 dated 2-4-48 and 14-5-48 respectively which are well worthy of perusal give a clear answer to them all. The imperceptible effect of such outside propaganda was sometimes visible in the Secretariat noting itself. This is by the way.

Paras 38 to 54 of Note

50) Regarding the pay to be given to Sri Halkatti the Board has proposed to fix the same at Rs.750/- in the grade of Rs.600-50-1000 to which the Financial Secretary has objected. As stated in para 14 of the Notes above, the higher start in the grade seems to have been recommended in exercise of the direction given to the Board under the Government Order dated 19-8-1947 and in view of Mr.Halkatti's high foreign qualifications and experience and having due regard to his present pay of Rs.840/- (exclusive of allowances) as Asst. Director, Indian Standards Institution in grade Rs.700-35-1050.

For the foregoing reasons the recommendation of the Board which is unanimous may be approved."

49 The subject was considered at a meeting of the Council held on 17-3-1949. Along with the recommendation of the Board of Management, the applications of Sri Srinagabhushana the present acting Principal and Professor of Textile Technology

and Sri M.R.Krishnamurthy, Assistant Professor, Textile Testing of the Institute, for the post were also considered. The following resolution was recorded:

> "One more Professor's place may be created with a grade of Rs.400-25-700.
>
> Sri M.R.Krishnamurthy may be appointed as Professor. He will draw Rs.500/- in grade Rs.400-25-700 and will draw his next increment from 8-6-49.
>
> He may also be Principal with an allowance of Rs.100/- per mensem.
>
> The post of the Principal with the grade of Rs.600-50-1000 be abolished."

50 The same subject was reconsidered at meetings of the Council held on 23rd and 24th March 1949 and the following resolution was recorded:

> "The opinion of the Council recorded on 17-3-49 may be modified on the following manner:
>
> Sri Srinagabhushana as Professor in his present grade (Rs.400-25-700) will also be Principal and shall be given an allowance of Rs.100/- P.M.
>
> Sri M.R.Krishnamurthy will draw Rs.400/- in the grade Rs.400-25-700."

51) Taking the above resolutions together into consideration the proposals are:

i. The post of the Principal with the grade of Rs.600-50-1000 may be abolished.
ii. Sri Srinagabhushana as Professor in his present grade (Rs.400-25-700) will also be Principal and shall be given an allowance of Rs.100/- per mensem.
iii. One more Professor's place may be created with a grade of Rs.400-25-700.
iv. Sri M.R.Krishnamurthy may be appointed as Professor. He will draw Rs.400/- in grade Rs.400-25-700.

52) I solicit the gracious approval of His Highness to the above proposals of the Council.

OFFICE OF

THE PRINCIPAL & SECRETARY,
SRI KRISHNARAJENDRA SILVER JUBILEE
TECHNOLOGICAL INSTITUTE, BANGALORE,

No. A1-376/1882.
Encls. one tabulated Statement + 15 applications.

Date 12th January 1948.

18/1

To

The Secretary to Government of His Highness
The Maharaja of Mysore, Education Department,
Bangalore.

Sir,

Re: Appointment of Principal and Professor of Textile Technology for the Institute.

'A' I am directed to invite kind reference to G.O.No.839-40/C.B. 60-47-1 dated 19th August 1947 sanctioning, among other things, the readvertisement of the post of Principal and Professor of Textile Technology in the Institute on a revised scale of pay of Rs.600-50-1000 with a provision that the starting pay to be given may be higher than the minimum depending upon the qualifications and experience of the applicant, and to state that the post was extensively advertised both in the Mysore Gazette and local and outside newspapers through the Publicity Officer to Government. In response thereto, fifteen applications, from Mysoreans and non-Mysoreans, had been received. Copies of the tabulated statement of applications and also of the applications had been furnished in advance to all the members of the Board of Management of the Institute.

2. The Board at their meeting held on 15th November 1947, after a careful scrutiny of each one of the applications, resolved unanimously that Mr. C.F.Halkatti be recommended to Government for appointment as Principal and Professor of Textile Technology on Rs.750/- per mensem in grade Rs.600-50-1000, on probation for one year.

3. They also resolved that on the approval by Government of the above recommendation the Director, Indian Standards Institution, be written to for the early relief of Mr. Halkatti; and until he joins duty in the Institute the present arrangements be continued.

4. I am, accordingly, to forward herewith a tabulated

'C' list of the applications received as also copies of the appli-

applications received for the post for the information of Government and to request that as the Director, Indian Standards Institution, New Delhi, has stated in forwarding the application of Mr. Halkatti that if he is selected he may not be relieved before a new incumbent has been selected and joins duty or before the expiry of six months' notice whichever is shorter, Government may be pleased to pass early orders on the resolutions of the Board of Management recommending

i) the appointment of Mr. C.F.Halkatti as Principal and Professor of Textile Technology on Rs.750/- per mensem in grade - Rs.600-50-1000, on probation for one year; and

ii) the continuance of the existing arrangements until he joins duty in the Institute.

I have the honour to be,
Sir,
Your most obedient servant,

Sd/- Abdul Shakoor
12/1
AG. PRINCIPAL,
AND SECRETARY.

SECRETARY. 10/11
AGEMENT.
SILVER JUBILEE

CB. 4111

The file relating to the selection of Principal, Sri Krishnarajendra Technological Institute has been submitted separately to the Minister for Education. The D.O.letter No.141 dated 2-4-48 received from the Vice-Chancellor in regard to the representation made by Mr.Sri Nagabhushan is herein enclosed.

The Vice-Chancellor has stated that Mr.Nagabhushan has not only not appreciated the promotion to the professorship that was given to him recently without advertising the post but he has rendered himself liable to the charge of indiscipline in trying to subvert unanimous decision of the Board of Management by various means and that he also suspects that he is not free from responsibility for the agitation carried on in the press on his behalf.

There is no case made out at all in his favour as against the selection of Mr.Halakatti.

CONFIDENTIAL

MYSORE.

Dated ....2nd April..... *194* 8.

Bcw 3/4/48

Dear Sir,

Referring to your D.O. letter No. 7119/C.B. dated 31st March 1948 forwarding a copy of the representation dated 10th January 1948 together with its enclosures from Gurubhakta Tilaka Rao Bahadur N. S. Nanjundiah regarding the claim of his son Mr. Srinagabhushana for confirmation as Principal and Professor of Sri Krishnarajendra Silver Jubilee Technological Institute, I desire to state as follows:

The application of Mr. Srinagabhushana, addressed to the Chairman, Board of Management, Sri Krishnarajendra Silver Jubilee Technological Institute, was submitt to me sometime back by Mr. Srinagabhushana and I returned it to him with the endorsement, so far as I remember, that the representation amounted to a protest against the unanimous recommendation of the Board of Management which had been taken after full consideration of the merits of all the applicants including himself, and it was improper for him to make such a representation. I added that I was quite certain that if the representation was placed before the Board they would take it as a ground for disciplinary action against him, far from revising their decision.

Mr. Srinagabhushana when he met me subsequently appreciated my view and felt sorry for having submitted the representation. I also told him that his delay in taking action on the Board's recommendation which was unfavourable to him, had been adversely commented upon by some of the members and his further delay would amount to failure to discharge faithfully his duties as Secretary of the Board. Mr. Sri Nagabhushana having failed in his attempt to secure reversal of the decision of the Board, his father apparently took the matter in hand and chose the course of submitting a copy of the representation to the Chief Minister, so that the recommendation of the Board may be negatived in Mr. Srinagabhushana's favour.

As for the merits of the representation, I must state that the Board of Management gave their fullest consideration to each individual application and after examination of the merits of the applicants proceeded by eliminating, one by one, the less competent among them. Finally, two candidates remained; and Mr. Srinagabhushana was not one of them. The choice was made finally in favour of Mr. C. H. Halkatti, each member giving his opinion separately and the decision

being unanimous. Although Mr. Srinagabhushana had the advantage of knowing the members personally and, I have reason to believe, had fully canvassed their support, he was not considered quite competent for the post. I may add in this connection that he was not selected for the post even when it was originally advertised as carrying the scale of Rs. 400-25-700.

The main grounds for the Board's recommendation were:

(1) that Mr. Srinagabhushana was only a pass science graduate of the Mysore University without a degree in textile technology and without an allround technical training which a B.Sc. degree in textiles of a British University implies. (2) Mr. Srinagabhushana who was only an Assistant Professor on Rs. 300/- in the grade 200-20-300, had been more than sufficiently rewarded for whatever work he had done in the Institute by his promotion to the Professorship on Rs. 400-25-700 which had been created a little earlier and to which he had been appointed as a special case without advertisement of the post. (3) that a Technological Institute of the Degree grade required for its Principal a person with not only a foreign technical degree but also with capacity for and wide experience in administration and with qualities of leadership.

To deal with Mr. Srinagabhushana's representation paragraph by paragraph, he refers in paras (1) and (2) to his experiences in the Indian Central Cotton Committee, Bombay, and to his good work in the Institute. To this I have to say that it was his work as a research student and subsequently as an Assistant in the Indian Central Cotton Committee that qualified him for the post of an Assistant Professor in the Institute. And I must add that if the Institution has been of the degree standard then, it was doubtful whether a person without a technical degree would have been selected at all for appointment as Assistant Professor. For whatever work he has done in the Institute he has been richly rewarded by appointment as Professor even without the advertisement of the post which is the normal procedure in all such cases in the University. It is a little depressing that he should have failed to appreciate what the Board of Management and the Government had done for him as lately as 1947.

In paragraph (3) he refers to the fellowship of the Textile Institute which he secured for his research work in Textile Technology. He did not possess this qualification when the Board made its recommendation regarding the Principalship; and even if he had I am almost certain that it would not have made the least change in the decision of the Board.

In paragraphs (4) and (5) Mr. Srinagabhushana compares himself to Mr. Halkatti, and prefers himself on the basis of being a Mysorean and having been preferred in the

UNIVERSITY OF MYSORE

past to Mr. Halkatti. Professorships, and much more so Principalships, when advertised are not confined to Mysoreans; and as for Mr. Halkatti not having been appointed in 1947 when the post of Principal was advertised on 400-25-700 plus Rs. 100, Mr. Sri Nagabhushana deliberately omits to mention the fact that Mr. Halkatti had asked for a higher starting pay and the Committee could not consider his case until the scale of pay of ~~Principalship~~ the post was revised and sufficient inducement was provided by way of increments to any one to be appointed as Principal. It is unnecessary and inexpedient to go into the circumstances of Mr. Srinagabhushana's appointment in the past as Assistant Professor

In this connection I have to add that Mr. Srinagabhushana not only presented his own representation to me, but also submitted the representation of an Assistant Professor in the Institute, wherein it was suggested that he (the Assistant Professor) might be appointed Professor in Mr. Srinagabhushana's place by promoting Mr. Srinagabhushana as Principal. There was no doubt in my mind that that representation had been prompted by Mr. Srinagabhushana himself in support of his own representation for the Principalship.

I cannot conceal my feeling that I am greatly disappointed with Mr.Srinagabhushana in regard to his conduct in this matter. Not only has he not appreciated the promotion to the Professorship that was given to him recently, without advertising the post, but he has rendered himself liable to the charge of indiscipline in trying to subvert the unanimous decision of the Board of Management by various means. I also suspect that he is not free from responsibility for the agitation carried on in the public press on his behalf, and in this connection I invite your reference to a leading article that was published sometime back in the "Daily News" bolstering up his claims for the Principalship of the Institute and inveighing against the recommendation of the Board of Management in favour of Mr. Halkatti.

The enclosures to your letter are returned herewith.

Yours sincerely,

M. S. Rudrappa

A. C. Nirvani Gowda, Esq., B.A.,
Education Secretary to Government,
Bangalore.

Copy of letter dated 10th Jan. 48 from Gúru-bhakta Tilaka Rao Bahadur N.S.Nanjundiah of Hassan, to the Chief Minister, Government of Mysore, Bangalore.

Pray permit me to enclose a copy of a representation which my son, Ch. Srinagabhushana B.Sc., F.T.I., has submitted in respect of his claims for confirmation in the post of Principal and Professor of Sree Krishnarajendra Silver Jubilee Technological Institute, Bangalore, which he has been successfully holding for over 18 months. I am sure you will appreciate from the representation the frustration and injustice that would be caused to my son's legitimate ambition and prospects, if the Board's recommendation to appoint an outsider with lesser qualifications should be accepted by Government. I imagine the representation would reach the Government in the ordinary course, but as that may take some time and Government may in the meantime have occasion to take a decision, I am taking the liberty of sending a copy of the representation to you direct at this stage so that there may be no risk of my sonss claims being overlooked.

May I count on your kind and weighty influence on the side of justice.

With the very best regards.

C o p y.

P Rajarao

Technological Institute, Bangalore.

To

The Chairman,
Board of Manageme nt,
Sri Krishnarajendra Silver Jubilee
Technological Institute, Bangalore.

Sir,

With reference to the resolution of the Board of Management recommending that Mr.C.P.Halkatti may be appointed (on probation) to the post of principal which I have been successfully holding continuously since June 1946, I beg leave most respectfully to urge that my superior claims for confirmation in that post may ∅ kindly be favourably considered.

Before I came over to this Institute as Assistant professor in 1940 I was very well placed in the service of the Indian Central Cotton Committee, Bombay. After a richly distinguished student career at the central College, Bangalore, I had two years' experience on the teaching staff of the College when the said Committee selected me, on the strength of my proven merit and its high promise, for the award of one of their research Scholarships which were open only to the best among distinguished graduates from all Indian Universities. That Institute was then under the expert guidance of Dr.A.J.Turner, D.Sc.,F.T.I. that Textile Technologist of world repute. It possesses up to date spinning and other machinery and an excellent research laboratory known to be the only one of its kind in Asia. I received Intensive training in Cotton Technology and Research in this Institute for two years and thereafter worked for ten years as their Technological and Research Assistant. During this period I organised the Cotton Laboratory at Surat, investigated many problems on spinning and came to have an intimate acquaintance with Textile Industry and its problems . My work during these years won high praise from the Cotton Committee (Kindly see Dr.A.J.Turner's Certificate attached) and warm appreciation from the Industry. With these attainments, a vast field of

To

The Chairman,
Board of Management,
Sri Krishnarajendra Silver Jubilee
Technological Institute, Bangalore.

Sir,

With reference to the resolution of the Board of Management recommending that Mr.C.P.Halkatti may be appointed (on probation) to the post of principal which I have been successfully holding continuously since June 1946, I beg leave most respectfully to urge that my superior claims for confirmation in that post may kindly be favourably considered.

Before I came over to this Institute as Assistant professor in 1940 I was very well placed in the service of the Indian Central Cotton Committee, Bombay. After a highly distinguished student career at the central college, Bangalore, I had two years' experience on the teaching staff of the college when the said Committee selected me, on the strength of my proven merit and its high promise, for the award of one of their research scholarships which were open only to the best among distinguished graduates from all Indian Universities. That Institute was then under the expert guidance of Dr.A.J.Turner, D.Sc.,F.T.I. that Textile technologist of world repute. It possesses up to date spinning and other machinery and an excellent research laboratory known to be the only one of its kind in Asia. I received Intensive training in Cotton Technology and Research in this Institute for two years and thereafter worked for ten years as their Technological and Research Assistant. During this period I organised the Cotton Laboratory at Surat, investigated many problems on spinning and came to have an intimate acquaintance with Textile Industry and its problems . My work during these years won high praise from the Cotton Committee (Kindly see Dr.A.J.Turner's certificate attached) and warm appreciation from the Industry. With these attainments, a vast field of

of opportunity and all the high prospects connected with the Committee and the Industry were open to me. None the less, when I saw that the Government of Mysore decided to set up a Technological Institute dedicated to the sacred memory of the Late His Highness Sri Krishnarajendra Wadiyar, I considered it my duty to place my talent and experiance, such as they were, at the disposal of my mother country. It is thus that I came to accept the appointment of Assistant professor on a Salary of Rs 350/- per mensem in the scale of Rs 200-25/2-300 (which was less than the grade and even the pay I was already drawing under the Committee). In making this choice I was aware that opportunities for advancement in Mysore Service would necessarily be more limited than those that were already open to me at Bombay; but I was attracted by the prospect of teaching Textile Technology to the youth of Mysore , I and felt well assured that my claims for promotion, in any case, to higher posts in the Institute itself would not be denied.

2. I have been on the teaching staff of the Institute practically ever since its inception having joined it in 1940 as Assistant professor. Even then, I was found after due advertisement and interview the best candidate for the post, although among those who applied there were many, including Mr.C.P.Halkatti, (with foreign qualifications like Ph.D.(Leeds) and B.Sc., (Tech) (Manchester). In 1944 I was found fit to be promoted as professor and since June 1946 I have been further promoted to act as principal in addition to my duties as professor During these seven years I have taken active part in building up the standard and traditions of the Institute; and as professor and acting principal in charge of this Institut I have been responsible for starting the Degree Course in Textiles rearranging the curricula of studies, drawing up the details of the scheme of expansion and additional equipment &c., I have also had to reorganise the office in addition to exacting administrative and tutorial duties. During the years of war I have scrupulously resisted the temptation to accept

of opportunity and all the high prospects connected with the Committee and the Industry were open to me. More the less, when I saw that the Government of Mysore decided to set up a Technological Institute dedicated to the sacred memory of the late ~~His Highness~~ His Highness Sri Krishnarajendra Wadiyar, I considered it my duty to place my talent and experience, such as they were, at the disposal of my mother country. During the years of war I have scrupulously resisted the temptation to accept

accept lucrative outside jobs, and have preferred to work for this Institute with single minded devotion. And I am glad and grateful to be able to claim that my loyal and devoted service has found favour in the sight of the Board of Management and the Vice-Chancellor (Chairman), as will be apparent from the following extracts which I take the liberty of quoting in full.

1. The Board "considered the high academical qualifications, practical training and experience in Textile Technology, the the distinguished record of research work extending over 17 years, teaching experence of nearly 8 years, administrative ability and very good work both as Acting professor since June 1944 and also as Actin g principal since June 1946, of Mr.Srinagabhushana...."
(Resolution of the Board of Management dated 20th December 1 946).

2. "It is noticed that a serious attempt has been made this year by the present principal to improve the working of the Office and Institution as whole".
(Vice-Chancellor's Inspection report dated 17th April 1 947.)

3. In addition to this high record of approved work, I have taken pains to engage myself in active research in Textile Technoloby and have produced 16 original technical papers of which 12 have been published and the rest are accepted for publication in Indian and Foreign scientific and technical journals (for details kindly see attached list). My contribution to the advancement of the knowledge of Textile Technology has attracted high recognition from the Textile Institute of Manchester and won for me their highest distinction of Fellow of the Textile Institute(F.T.I.). This is the only Textile Institute in the British Commonwealth empowered by Royal Charter to confer on Textile Technologists the world over such distinctions, which can only be earned by substantial contribution to the knowledge of Textile Technology.

According to Regulation 4 and 5 (vide annexture(A) of the Institute those who have obtained the B.Sc.,(Tech)

following extracts which I take& the liberty of quoting in full.

(Tech)(Manchester) Degree or equivalent training (Like Mr.C.P.Halkatti), are eligible only for the lower distinction of Associateship of the Institute (A.T.I.). For the higher distinction of Fellowship they could be considered only three years thereafter provided " they have made a substantial contribution to the advancement of knowledge relating to Textile Industries". (Regulation 14 and 15 vide annexure A)

In my case, however, in due recognition of my high training , knowledge, experience and valuable original research in Textile Technology during the last 19 years the Fellowship itself has been awarded to me straightaway. While, so for, there were only two Indians who are Fellows of the Institute, the third person who has only just been awarded the Fellowship is Mr.D.F.Kapadia, B.A.,M.Sc.,(Tech) professor of Textiles, Victoria Jubilee Technical Institute, Bombay. I am the fourth Indian and the first and only Mysorean to secure this recognition which puts on my work and standing as a Textile Technologist the seal of approval by the highest recognised Technical authority in the British Commonwealth and, if I may say s o, enhances the prestige of our Institute.

4. In the matter of qualifications, technical or even administrative attainment Mr.Halkatti is, I venture to submit, inferior to me in every way. After matriculation, study at the Victoria Jubilee Technical Institute, Bombay , and at Manchester, He passed in the II class the B.Sc. (Tech) (Manchester examination which carries with it the honorary title of A.M.C.T. I took a first class in B.Sc.(old rules of Mysore) and the Fellowship I have now won is superior to B.Sc.,(Tech), He has had no regular teaching experience whereas I have been in the teaching line for 9 years during 7 of which I have taught in this Institute itself. Mr.C.P.Halkatti's record of research work is admittedly nil, whereas mine is a recognised one of higher research in Textile Technology.

Mr.Halkatti has a total service of only 8½ years to his

(Tech)(Manchester) Degree or equivalent training (like Mr.C.P.Halkatti), are eligible only for the lower distinction of Associateship of the Institute (A.T.I.). For the higher distinction of Fellowship they could be considered only three years thereafter provided they have made a substantial contribution to the advancement of knowledge relating to Textile Industries". (Regulation 14 and 15 vide annexure A)

5. In my case, however, in due recognition of my high training, knowledge, experience and valuable original research in Textile Technology during the last 19 years the Fellowship itself has been awarded to me straightaway. while, so far, there were only two Indians who are Fellows of the Institute, the third person who has only just been awarded the Fellowship is Mr.D.P.Kapadia, B.A.,M.Sc.,(Tech) professor of Textiles, Victoria Jubilee Technical Institute, Bombay. I am the fourth Indian and the first and only Mysorean to secure this recognition which puts on my work and standing as a Textile Technologist the seal of approval by the highest recognised Technical authority in the British Commonwealth and, if I may say so, enhances the prestige of our Institute.

6. In the matter of qualifications, technical or even administrative attainment Mr.Halkatti is, I venture to submit, inferior to me in every way. After matriculation, study at the Victoria Jubilee Technical Institute, Bombay, and at Manchester, He passed in the II class the B.Sc. (Tech) (Manchester examination which carries with it the honorary title of A.M.C.T. I took a first class in B.Sc.(Old rules of Mysore) and the Fellowship I have now won is superior to B.Sc.,(Tech). He has had no regular teaching experience whereas I have been in the teaching line for 9 years during 7 of which I have taught in this Institute itself. Mr.C.B.Halkatti's record of research work is admittedly nil, whereas mine is a recognised one of higher research in Textile Technology.

Mr.Halkatti has a total service of only 8½ years to his

his credit and most of it on the inspecting side of the Indian stores Department whereas I have put in a service of over 20 years of which 19 have been in the profession of Textile Technology. Mr . Halakatti's highest achievement namely B.Sc., (Tech) was reached in 1937 and the world of Textile Technology at ~~f~~ any rate is not aware of anything he has done since, either to add to his qualifications or to enrich the science. Mr. Halkatti is a Non-Mysorean (Vide extracts from his applications enclosed) whereas I am a born Mysorean and come of a family (that of Gurubhaktatilaks Rao Bahadur N.S.Nanjundiah) distinguished by public service in Mysore and have myself given ~~p~~ up better prospects elsewhere for the love of serving Mysore. Apart from all this I have for over 19 months discharged in full and satisfactorily the duties and responsibilities of principal in addition to my onerous work as professor.

5. Mr.Halkatti has more than once before applied (but without success) for a place on the teaching cadre of the Institute. In 1939 and again in 1940 he applied for the post of Assistant professor and demanded a starting salary of only Rs 200/- per mensem; but on both these occasions his application was duly considered and rejected. In 1947, when it was proposed to have a combined post of principal and professor in the scale of Rs 400-25-700 + Rs 1 00 Mr.Halkatti had applied but was not found good enough for the post.. The sanction of Government was specially obtained to raise the scale of pay to Rs 600-50-1000 in order to attract candidates with better qualifications and experience which would be adequate for the onerous duties and responsibilities of the post of principal of this developing Institute and which would ensure for the Institute due recognition both inside and outside India. When the post was readvertised on this enhanced acale of pay, Mr.C.P.Halkatti, myself and others applied. Since the rejection of his previous applications (even for the scale of Rs 400-25-700) as Mr.Halkatti has not added anything to his qualification, his selection now(Rs600-50-1000 scale) would not, I submit, fulfil the objects with which Government were moved to raise the scale of pay of the post.

his credit and most of it on the inspecting side of the Indian stores Department whereas I have put in a service of over 20 years of which 19 have been in the profession of Textile Technology. Mr . Balakatti's highest achievement namely B.Sc.» (Tech) was reached in 1937 and the world of Textile Technology at ¥ any rate is not aware of anything he has done since either to add to his qualifications or to enrich the science. Mr. Balkatti is a Non-Mysorean (vide extracts from his applications enclosed) whereas I am a born Mysorean and come of a family (that of Gurubhaktatilaks Rao Bahadur N.S.Manjunatiah) distinguished by public service in Mysore and have myself given ¥ up better xxxxx prospects elsewhere for the love of serving Mysore. Apart from all this I have for over 19 months discharged in full and satisfactorily the duties and responsibilities of principal in addition to my onerous work as professor.

5. Mr.Balkatti has more than once before applied (but without success) for a place on the teaching cadre of the Institute. In 1939 and again in 1940 he applied for the post of Assistant professor and demanded a starting salary of only Rs.200/- per mensem; but on both these occasions his application was duly considered and rejected. In 1942, when it was proposed to have a combined post of principal and professor in the scale of Rs.400-25-700 + Rs 100 Mr.Balkatti had applied but was not found good enough for the post.. The sanction of Government was specially obtained to raise the scale of pay to Rs 600-50-1000 in order to attract candidates with better qualifications and experience which would be adequate for the onerous duties and responsibilities of the post of principal of this developing Institute and which would ensure for the Institute due recognition both inside and outside India. When the post of readvertised on this enhanced scale of pay, Mr.C.P.Balkatti, myself and others applied. Since the rejection of his previous applications (even for the scale of Rs 400-25-700) as Mr.Balkatti has not added anything to his qualification, his selection now(Rs600-50-1000 scale) would not, I submit, fulfil the objects with which Government were moved to raise the scale of pay of the post.

I have, however, since my last application not only contributed three more valuable research papers but also won the high foreign distinction of F.T.I.(Manchester), apart from successfully discharging the onerous duties of the principal in addition to my work as professor and my selection would therefore amply secure the objects of the Board and the Government and best serve the interests of the Institute.

6. In the light of all these considerations I beg leave to urge that the selection of Mr.Halkatti as principal in preference to me would mean preference to a non-Mysorean with lesser qualifications, meagre experience and hardly any higher Technical attainment, over a Mysorean candidate rich in approved qualifications, ripe in experience and of high Technical standing who has given up much out of eagerness to serve the Institute and who has been successfully holding the post for the considerable period of over 18 months. Apart from going against the recognised convention of preferring Mysoreans already in the service to new entrants and non-Mysoreans, it will be a frustration of legitimate ambition for me to see the post of principal which I have successfully held taken away from me and given to a candidate who demonstrably compares so ill with me.. Besides, the importation of one of nearly the same age as myself and placing him above me will obstruct the legitimate progress both of myself and of my other colleagues Messrs M.R.Krishnamurthy, B.Sc., B.Sc.,(Tech) A.M.C.T.,A.T.I. and B. Lakshmikanth, B.Sc., B.Sc.,(Tech) A.M.C.T. who are as well qualified as Mr.Halkatti. Such a situation also carries the seeds of unhealthy discontent among the staff and may well affect the work and progress of the Institute. I would therefore earnestly request that this question which is of importance not only for me but also for the Institute be further considered and that I may be confirmed as principal and professor of Textile Technology.

I have the honour to be
Sir,
Your most obedient servant.
sd/ Srinagabhushana 5-1-1968.

I have, however, since my last application not only contributed three more valuable research papers but also won the high foreign distinction of F.I.I.(Manchester), apart from successfully discharging the onerous duties of the principal in addition to my work as professor and my selection would therefore amply secure the objects ~~xxxxxxxxxxxx~~ of the board and the government and best serve the interests of the Institute.

8. In the light of all these considerations I beg leave to urge that the selection of Mr.Halkatti as principal is preference to me would mean preference to a non-Mysorean with lesser qualifica-tions, meagre experience and hardly any higher Technical attainment, over a Mysorean candidate rich in approved qualifications, ripe in experience and of high Technical standing who has given up much out of eagerness to serve the Institute and M who has been successfully holding the post for the considerable period of over 18 months. Apart from going against the recognised convention of preferring Mysoreans already in the service to new entrants and non-Mysoreans, it will be a frustration of legitimate ambition for me to see the post of principal which I have successfully held taken M away from me and given to a candidate who demonstrably compares so ill with me.. Besides, the importation of one of nearly the same as myself and placing him above me will obstruct the legitimate progress both of myself and of my other colleagues Messrs M.R.Krishnamurthy, B.Sc., B.Sc.,(Tech) A.M.C.T.,A.T.I. and R. Lakshmikanth, B.Sc., B.Sc.,(Tech) A.M.C.T. who are as well qualified as Mr.Halkatti. Such a situation also carries the seeds of unhealthy discontent among the staff and the may well affect the work and progress of the Institute. I would therefore earnestly request that this question which is of importance not only for me but also for the Institute be further considered and that I may be confirmed as principal and professor of Textile Technology.

I have the honour to be

TO WHOM IT MAY CONCERN.

I am very pleased to give this testimonial to Mr.Srinagabhushana B.Sc.,

Mr.Srinagabhushana joined the Technological Laboratory, Indian Central Cotton Committee, in January 1929 as a research scholar, so that he was under my direction for the two years 1929 and 1930. He came to the Laboratory with first class qualifications in physics and quickly demonstrated that he was an excellent student in every way. He showed keen interest in all his work, particularly on his special problem of making a fibre analysis of Indian cottons at different stages of the spinning process. In this very laborious work Mr.Srinagabhushana showed exemplary patience, diligence, and skill as well as considerable initiative. In this work he became completely familiar with the different processes of spinning, and the action of the different machines in relation to the material under process.

In his personal relationships Mr.Srinagabhushana was an excellent colleague, getting on well with everyone, so that it was a pleasure to work with him.

In view of his first class record and work, and his many fine personal qualities I looked forward with donfidence to his rapid advance in his professional career, and to his doing much valuable work for his Mother country.

I am glad to think that this anticipation has in fact been realised in the event, and I feel certain that his subsequent development has amply demonstrated his fitness for the post of principal and professor of Textile Technology at the Technological Institute, Bangalore.

Sd/ A.J.Turner.
Formerly professor of Textile Technology, Manchester University and College of Technology, 1919-1923. Director of the Technological Research Laboratory. Indian Central Cotton Committee, Bombay, 1924-1930.
Head of Spinning Department, and Tutor to all Trainees, British Cotton Industry Research Association 1 931-1940.
Director of Research, Linen Industry, Research Association 1940 to date.

TO WHOM IT MAY CONCERN.

I am very pleased to give this testimonial to Mr.Gringadhusbana B.Sc.,

Mr.Gringadhusbana joined the Technological Laboratory, Indian Central Cotton Committee, in January 1929 as a research scholar, so that he was under my direction for the two years 1929 and 1930. He came to the Laboratory with first class qualifications in physics and quickly demonstrated that he was an excellent student in every way. He should keen interest in all his work, particularly on his special problem of making a fibre analysis of Indian cottons at different stages of the spinning process. In this very laborious work Mr.Gringadhusbana showed exemplary patience, diligence, and skill as well as considerable initiative. In this work he became completely familiar with the different processes of spinning, and the action of the different machines in relation to the material under process.

In his personal relationship Mr.Gringadhusbana was an excellent colleague, getting on well with everyone, so that it was a pleasure to work with him.

In view of his first class record and work, and his many fine personal qualities I looked forward with confidence to his rapid advance in his professional career, and to his doing much valuable work for his Mother country.

I am glad to think that this anticipation has in fact been realised in the event, and I feel certain that his subsequent development has amply demonstrated his fitness for the post of Principal and Professor of Textile Technology at the Technological Institute, Bangalore.

Technological Institute Principalship

THE QUESTION OF finding a suitable person to fill the post of Principal in the Silver Jubilee Technological Institute is hanging fire since an year or two and the committee which is entrusted with the task of governance has so far called for applications twice. We want to be convinced whether or not those applications were rejected in the first instance on the ground that better men should be attracted. We know from a perusal of newspaper advertisements that a good grade of pay was advertised and from all accounts gathered from our professional standards we hear that a person whose application was rejected in the first instance has been recommended for the position of the Principal. Who is he after all? He seems to be a non-Mysorean with only a Manchester Textile Degree to his credit and who is in no way superior to one of the Assistant Professors in the same Institute who also possesses a Manchester Textile degree. We want to be enlightened whether this man who seems to be lucky now was found not even worthy for an interview when applications were invited in 1940 to fill up certain posts in the Institute. It will be a tragedy of the highest order if such a person who is not a Mysorean is appointed to guide the destinies of the Institute. The Minister of Education should immediately call for all the papers concerning the vexed question and see for himself whether justice has been dispensed with. It is certainly unfair to Mysorean talent and efficiency to superimpose a non-Mysorean over the existing personnel who are sweating and toiling with unsurpassed loyalty and devotion.

We do not personally know who the Acting Principal is except that we have heard of his name. From all accounts he seems to be the proper and the best person to fill the post of Principal. He is the second Indian so far to get a Fellowship of the Institute of Textiles the highest honour conferred on a man of exceptional attainments in the line. He is every inch a Mysorean and has been acting as Principal all these days. Why should he not get it after all? We want that the whole question be referred to an impartial judicial gentleman. There is no need to import a non-Mysorean for the job when we have our own men with superior attainments. It is a great thing indeed that we have at the helm of affairs a person of the eminence of Mr. D. H. Chandrasekharaiya who will certainly extend justice and fair deal in the matter. We await his move.

Adeeb-ul-Mulk
M. SULTAN MOHIYUDDIN, M.A.
Vice-Chancellor

MYSORE
(camp) Bangalore
Dated .....14th...May.....1948

CONFIDENTIAL

Dear Sir,

Referring to your D.O. letter No. E. 6696, dated 27th February 1948 inviting my reference to the leading article published in the issue of the Daily News dated 24th January 1948 under the caption "Technological Institute Principalship" and requesting that a report in the matter may be submitted, and to your D.O. letter No. E. 9339 of 10th May 1948 enclosing a copy of the issue of the Daily News referred to, I desire to state that the main points mentioned in the editorial of the Daily News are the following: (1) that the person whose application had been rejected when the post of Principal was-first advertised was subsequently recommended for the post after it was re-advertised, (2) that the person recommended is a non-Mysorean with only a Manchester Textile Degree, (3) that that person was not found fit even to be called for an interview when applications had been invited in 1940 for certain posts in the Institute, and (4) that the present acting Principal should be confirmed in the post.

I have submitted to Government in my D.O. letter No. P. 141 dated 2nd April 1948 my remarks on the representation of Mr. Srinagabhushana, present Acting Principal of the Sri Krishnarajendra Silver Jubilee Technological Institute, a copy of which had been submitted to the Chief Minister by Gurubhakta Thilaka Rao Bahadhur N. S. Nanjundiah on behalf of his son Mr. Srinagabhushana, as called for in your D.O. letter No. 7119/C.B. dated 31st March 1948. As the points mentioned in the news-paper article are identical with some of the points mentioned in Mr. Srinagabhushana's representation I find that my report referred to above covers the news-paper article also. In particular, I invite reference to para 8 of my letter which answers these points. It is therefore unnecessary to go over the same ground again.

In this connection, I wish to state that the fact that Mr. Srinagabhushana had delayed submitting to Government the resolution of the Board regarding the appointment of Principal and in the meantime he and his father had made representations regarding Mr. Srinagabhushana's claim for appointment as Principal and also that a leading article had been published in the Daily News having come to the notice of some of the members of the Board of Management of the Technological Institute, the Board desired that all the papers connected with this matter be placed before them at a special meeting. Accordingly, the papers were placed at the Special Meeting of the Board held on 12th

May 1948. I am enclosing for the information of the Government a copy of an extract from the proceedings of that meeting relating to this subject. The Board after a full consideration of the whole matter came to the conclusion that there was avoidable delay on the part of Mr. Srinagabhushana who was the Secretary of the Board, in submitting the Board's recommendation to Government regarding the appointment of Principal; that certain portions of the representation made by Mr. Srinagabhushana a copy of which was submitted by his father to Government, particularly those relating to the decision of the Board in the matter, were improper; and that Mr. Srinagabhushana's responsibility for the leading article in the Daily News was not free from doubt. The conclusion in regard to the question of Mr. Srinagabhushana's responsibility for the news-paper article was arrived at on the basis of the identical points made out by him in his representation and in the news-paper article, particularly those that related to matters concerning the receipt and disposal of applications which were within the special knowledge of Mr. Srinagabhushana as Secretary of the Board.

Yours sincerely,

A. C. Nirvani Gowda Esq., B.A.,
Education Secretary to Government,
Bangalore.

Extract from the Proceedings of the Special Meeting of the Board of Management of the Sri Krishnarajendra Silver Jubilee Technological Institute, Bangalore held on 12th May 1948 at 9 A.M.

II. Papers relating to the recommendation of the Board of Management and Mr. Srinagabhushana's representation in regard to the appointment of the Principal of the Institute, as desired by the Board at the last meeting.

All the papers relating to the representation of Mr. Srinagabhushana regarding his claim for appointment as Principal of the Institute, namely (i) his own representation submitted to the Chairman of the Board, (ii) the leading article under the caption "Technological Institute Principalship" published in the issue of the Daily News dated 24th January 1948 referred to in the Education Secretary's D.O. letter No. E. 6696 dated 27th February 1948, (iii) the representation of Gurubhakta Thilaka Rao Bahadur N. S. Nanjundiah and its enclosure regarding the claims of his son Mr. Srinagabhushana for the post of Principal, forwarded to the Vice-Chancellor for a detailed report by the Education Secretary to Government with D.O. letter No. 7119/C.B. dated 31st March 1948, and (iv) the Vice-Chancellor's D.O. reply thereto No. P. 141 of 2nd April 1948, were placed before the Board as desired at the last meeting.

After going through all these papers the Board observed: (1) That there was avoidable delay on the part of Mr. Srinagabhushana, as Secretary of the Board, in submitting the Board's recommendation to Government regarding the appointment of Principal, particularly in view of the fact that the representation of Mr. Srinagabhushana to the Chairman of the Board and of his father to Government had been made during the interval between the resolution of the Board on the subject and the submission of the recommendation to Government. (2) That certain portions of the representation made by Mr. Srinagabhushana, a copy of which was submitted by his father to Government, particularly those relating to the decision of the Board in the matter, were improper. (3) That Mr. Srinagabhushana's responsibility for the representation made by Mr. M.R.Krishna Murthy, Assistant Professor of the Institute, requesting that he may be appointed Professor in place of Mr. Srinagabhushana, the latter being appointed as Principal, and for the leading article in the Daily News referred to, was not free from doubt.

In view, however, of the regret reported by the Chairman to have been expressed orally by Mr. Srinagabhushana regarding his representation, the Board considered it unnecessary to take any disciplinary action against him in the matter.

Mr. Krishnaiah dissenting from the above view stated that the draft of the proceedings of the meeting of the Board held on 15th November 1947 was approved by the Chairman on 10th December 1947 and from 15th December 1947 to 2nd January 1948 the classes in the Institute were not held and during the period disturbances took place in Bangalore; and

that further from 18th December 1947 to 2nd January 1948 Mr. Srinagabhushana was out of station, and the recommendation of Government was submitted on 12th January 1948. He added that the delay in submitting the recommendation to Government could not be said to be avoidable. He stated further that the Chairman should have placed the representations of Mr. Srinagabhushana and Mr. M.R.Krishna Murthy before the Board when they were made, and that the Chairman not having brought up the matter of the reference made to Government by Gurubhakta Thilaka Rao Bahadur N. S. Nanjundiah, his report to Government made thereon in his D.O. No. P. 141, dated 2nd April 1948 could not be accepted.

The other members of the Board present disagreed with Mr. Krishniah. They were of the view that in regard to the question of placing the representations before the Board the Chairman acted quite properly in not doing so and was jusfified in exercising his judgement and discretion in the matter. In regard to the second point, namely his report to Government, they held that since the Government had called for the Vice-Chancellor's (Chairman of the Board) report in the matter, and not of the Board of Management the question of placing the matter before the Board prior to his report to Government, or even the question of the approval of the report by the Board, did not arise.

Dear Sir,

Please refer to your letter No. E. 6696, dated 27th February 1948 calling for a report on the matter dealt with in the editorial published in the "Daily News" dated 24-1-48 with the caption "Technological Institute Principalship", I have been unable to obtain that issue of the paper. I shall be obliged if you will kindly send me a copy of the "Daily News" dated 24th January 1948 or at least a copy of the editorial referred to.

The subject is to come up for consideration at the next meeting of the Board of Management of the Sri Krishnarajendra Silver Jubilee Technological Institute at the instance of one of the Members of the Board and a copy of the editorial referred to is necessary in that connection also. I request early compliance.

Yours sincerely,

M. S. Mohiyuddin

D. S. VENKANNA, B.Sc., B.E., A.M.I.E.
Superintendent.

D. O. No. 4554

BANGALORE (S. India),
Dated 12th April *194* 8.

13/4/48

Dear Sir,

With reference to your D.O. letter No.E 3284 dated 8th April 1948, requesting me to ascertain and intimate immediately whether A.T.I. and F.T.I. qualifications are awarded anywhere in India, whether they are awarded in England, and if so, where and which of them is superior, I wish to furnish the following information:

The A.T.I. and F.T.I. memberships are not awarded in any Indian University. The Textile Institute at Manchester offers three types of membership, namely,

1. Ordinary Membership,
2. A.T.I. or Associate of Textile Institute
3. F.T.I. or Fellow of Textile Institute.

The first is offered to any body interested in textiles on payment of a fee of 2 guineas per year. The second is offered to only graduates in Textile Engineering of British Universities. Non-graduates will be required to pass the Associateship Examination conducted by the Textile Institute. The Third, F.T.I. is offered to both graduates and non-graduates who have worked in the Textile field for some time and acquired some degree of proficiency. Even non-graduates who have worked in the textile industry and produced a thesis on the work done by them will be given the fellowship. The fee for this also is two guineas per year.

It may be seen from the above that mere F.T.I. qualification without graduateship in Textile Technology cannot be considered superior to A.T.I. or Associate Membership of the Textile Institute.

Yours sincerely,

D. S. Venkanna

1. Govt. Order No.2574/Uni.1045-47 dated 18.9.1946 sanctioning the appointment of Sri Srinagabhushana, Acting Professor of Textile Technology of Sri Krishnarajendra Silver Jubilee Technological Institute, as Acting Principal of the Institute.

2. Govt. Order No.639-40/C.S.60-47-1 dated 19.8.1947 sanctioning:

(a) revision of the scale of pay of the post of the Principal and Professor of Textile Technology, Sri Krishnarajendra Silver Jubilee Technological Institute from Rs.400-25-700 to Rs.600-50-1000;

(b) re-advertisement of the post of Principal and Professor of Textile Technology of the Institute;

(c) strengthening the staff of the Institute by converting one of the two existing posts of Asst.Professors in the Institute to that of a Professor in grade Rs.400-25-700; and

(d) appointment of Sri Srinagabhushana, Acting Professor of Textile Technology against the post referred to in (c).

3. Correspondence ending with letter No.A1-376/1002 dated 12.1.48 from the Principal and Secretary, Sri Krishnarajendra Silver Jubilee Technological Institute, Bangalore, requesting sanction to the following resolutions of the Board of Management of the Institute passed at a meeting of the Board on 15.11.1947:

(i) the appointment of Sri C.P. Malakatti as Principal and Professor of Textile Technology on Rs.750/- p.m. in grade Rs.600-50-1000, on probation for one year; and

(ii) the continuance of the existing arrangements until he joins duty in the Institute.

GOVERNMENT ORDER NO. 8525-7/C.S.477-48-1

DATED, BANGALORE, THE 25TH APRIL 1949.

In modification of the order dated 19.8.1947 read in para 2 above, Government are pleased to direct as follows:

(a) that the post of the Principal of Sri Krishnarajendra Silver Jubilee Technological Institute, on a grade pay of Rs.600-50-1000 be abolished;

(b) that Sri Srinagabhushana, Professor of Textile Technology in his present grade of Rs.400-25-700 be appointed Principal and permitted to draw an allowance of Rs.100/- p.m;

(c) that one more Professor's place be created on a grade pay of Rs.400-25-700 and Sri M.R. Krishna Murthy, Assistant Professor of Textile Testing be

appointed to that post on the minimum pay of that appointment.

Dear Sir,

pray permit me to enclose a copy of a representation which my son, Ch. Srinagabhushana, B.Sc., F.T.I., has submitted in respect of his claims for confirmation in the post of principal and professor of Sree Krishna-rajendra Silver Jubilee Technological Institute, Bangalore, which he has been successfully holding for over 18 months. I am sure you will appreciate from the representation the frustration and injustice that would be caused to my son's legitimate ambition and prospects, if the Board's recommendation to appoint an outsider with lesser qualifications should be accepted by Government. I imagine the representation would reach the Government in the ordinary course, but as that may take some time and Government may in the meantime have occasion to take a decision, I am taking the liberty of sending a copy of the representation to you direct at this stage so that there may be no risk

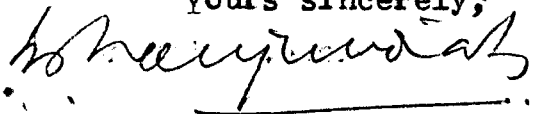
Edn Dept
25/2

of my son's claims being overlooked.

May I count on your kind and weighty influence on the side of justice.

With the very best regards,

I remain
Dear Sir,
Yours sincerely,



TO

D.H.Chandrasekhariah, Esq., B.A.,LL.B.,
Minister for Education
Government of Mysore
Bangalore.

Representation dated 10.1.1948 from Sri Nanjundaiah, Hassan, re. his claims for confirmation in the post of Principal and Professor, SKSJTI, Bangalore.

Orders of Hon'ble Sri. on the PMD.

"Education Secretary,

may be sent to the Vice-Chancellor, Mysore University for a detailed report."

Dear Sir,

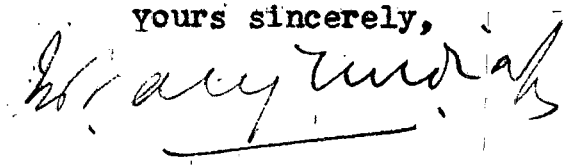
I pray permit me to enclose a copy of a representation which my son, Ch. Srinagabhushana, B.Sc., F.T.I., has submitted in respect of his claims for confirmation in the post of principal and professor of Sree Krishnarajendra Silver Jubilee Technological Institute, Bangalore, which he has been successfully holding for over 18 months. I am sure you will appreciate from the representation the frustration and injustice that would be caused to my son's legitimate ambition and prospects, if the Board's recommendation to appoint an outsider with lesser qualifications should be accepted by Government. I imagine the representation would reach the Government in the ordinary course, but as that may take some time and Government may in the meantime have occasion to take a decision, I am taking the liberty of sending a copy of the representation to you direct at this stage so that there may be no risk of my son's claims being

overlooked.

May I count on your kind and weighty influence on the side of justice.

With the very best regards,

I remain.
Dear Sir,
Yours sincerely,



To

K.C.Reddy, Esq., B.A.,B.L.;
Chief Minister
Government of Mysore.
Bangalore.

From:

Srinagabhushana, B.Sc., F.T.I.,
Ag.Principal,
Sri Krishnarajendra Silver Jubilee
Technological Institute, Bangalore.

To

The Chairman,
Board of Management,
Sri Krishnarajendra Silver Jubilee
Technological Institute, Bangalore.

Sir,

With reference to the resolution of the Board of Management recommending that Mr.C.P.Halkatti may be appointed (on probation) to the post of principal which I have been successfully holding continuously since June 1946, I beg leave most respectfully to urge that my superior claims for confirmation in that post may be kindly be favourably considered.

Before I came over to this Institute as Assistant Professor in 1940 I was very well placed in the service of the Indian Central Cotton Committee, Bombay. After a richly distinguished student career at the Central College, Bangalore, I had two years' experience on the teaching staff of the college when the said committee selected me, on the strength of my proved merit and its high promise, for the award of one of their research scholarships which were open only to the best among distinguished graduates from all Indian Universities. That Institute was then under the expert guidance of Dr.A.J.Turner, D.Sc.,F.T.I. that Textile Technologist of world repute. It possesses up to date spinning and other machinery and an excellent research laboratory seem to be the only one of its kind in Asia. I received intensive training in cotton technology and research in this Institute for two years and thereafter worked for ten years their Technological and Research Assistant. During this I organised the cotton Laboratory at Surat, investigated problems on spinning and came to have an intimate acquaintance with Textile Industry and its problems. My work during years won high praise from the cotton committee (Vide Dr.A.J.Turner's certificate attached) and warm appreciation from the industry. With these attainments, I

OFFICE OF THE MINISTER FOR EDUCATION
Date.....
No.....

of opportunity and all the high prospects connected with the committee and the Industry were open to me. None the less, when I saw that the Government of Mysore decided to set up a Technological Institute dedicated to the sacred memory of the late Maharajah His Highness Sri Krishnarajendra Wadiyar, I considered it my duty to place my talent and experience, such as they were, at the disposal of my mother country. It is thus that I came to accept the appointment of Assistant Professor on a salary of Rs 350/- per mensem in the scale of Rs 300-25/2-350 (which was less than the grade and even the pay I was then drawing under the Committee). In making this choice I was aware that opportunities for advancement in Mysore Service would necessarily be more limited than those that were already open to me at Bombay; but I was attracted by the prospect of teaching Textile Technology to the youth of Mysore, and felt well assured that my claims for promotion, in any case, to higher posts in the Institute itself would not be denied.

2. I have been on the teaching staff of the Institute practically ever since its inception having joined it in 1940 as Assistant Professor. Even then, I was found after due advertisement and interview the best candidate for the post, although among those who applied there were many, including [illegible]atti, (with foreign qualifications like Ph.D.(Leeds) and M.Sc., (Tech) (Manchester). In 1944 I was found fit to be promoted as Professor and since June 1946 I have been further promoted to act as Principal in addition to my duties as Professor. During these seven years I have taken active part in building up the traditions of the Institute; first as Professor and acting Principal in charge of this Institute I have been responsible for starting the Degree Course in Textile Technology, the curricula of studies, drawing up the details of the scheme of expansion and additional equipment &c., I was also instrumental in reorganising the office in addition to discharging administrative and tutorial duties. During these years of war I have scrupulously resisted the temptation to accept

accept lucrative outside jobs, and have preferred to work for this Institute with single minded devotion. And I am glad and grateful to be able to claim that my loyal and devoted service has found favour in the sight of the Board of Management and the Vice-Chancellor (Chairman), as will be apparent from the following extracts which I take the liberty of quoting in full.

1. The Board reconsidered the high academical qualifications, practical training and experience in Textile Technology, the the distinguished record of research work extending over 17 years, teaching experence of nearly 8 years, administrative ability and very good work both as Acting professor since June 1944 and also as Acting principal since June 1946, of Mr.Srinagabhushana...."
(Resolution of the Board of Management dated 20th December 1946).

2. "It is noticed that a serious attempt has been made this year by the present principal to improve the working of the office and Institution as a whole".
(Vice-Chancellor's Inspection report dated 17th April 1947.)

3. In addition to this high record of approved work, I have taken pains to engage myself in active research in Textile Technology and have produced 16 original technical papers of which 13 have been published and the rest are accepted for publication in Indian and Foreign scientific and technical journals (for details kindly see attached list). My contribution to the advancement of the knowledge of Textile Technology has attracted high recognition from the Textile Institute of Manchester and given me their highest distinction of Fellow of the Textile Institute(F.T.I.). This is the only Textile Institute in the British Commonwealth empowered by Royal Charter to confer on Textile Technologists the world over such distinctions, which can only be earned by substantial contribution to the knowledge of Textile Technology.

According to Regulation 4 and 5 (vide annexture) of the Institute those who have obtained the M.Sc.,(Tech)

(Tech)(Manchester) degree or equivalent training (like Mr.C.P.Malhotti), are eligible only for the lower distinction of associateship of the Institute (A.T.I.). For the higher distinction of fellowship they could be considered only three years thereafter provided they have made a substantial contribution to the advancement of knowledge relating to textile industries. (Regulation 14 and 15 vide annexure A)

I may say, however, in due recognition of my high training, knowledge, experience and valuable original research in textile technology during the last 10 years the fellowship itself has been awarded to me straightaway. While, so far, there were only two Indians who are fellows of the Institute, the third person who has only just been awarded the fellowship is Mr.D.P.Kapadia, B.A., B.Sc., (Tech) Professor of Textiles, Victoria Jubilee Technical Institute, Bombay. I am the fourth Indian and the first and only researcher to secure this recognition which puts on my work and standing as a Textile Technologist the seal of approval by the highest recognised technical authority in the British Commonwealth and, if I may say so, enhances the prestige of our Institute.

4. In the matter of qualifications, technical or even academic, my attainment Mr.Malhotti is, I venture to submit, inferior to me in every way. After matriculation, study at the Victoria Jubilee Technical Institute, Bombay, and at Manchester, I obtained in due course the B.Sc. (Tech) (Manchester examination which carries with it the honorary title of A.M.C.T. I became a fellow of B.Sc.(old rules of Mysore) and the fellowship examination is superior to B.Sc.,(Tech) We has had no regular technical experience whereas I have been in the teaching line for 8 years during 7 of which I have taught in this Institute itself. M.C.T. in his whole record of research work is additionally nil, whereas mine is a recognised one of higher research in Textile Technology.

Mr.Malhotti has a total service of only 8½ years to his

his credit and most of it on the inspecting side of the Indian stores department whereas I have put in a service of over 20 years of which 19 have been in the profession of Textile Technology. Mr. Halakatti's highest achievement namely B.Sc., (Tech) was reached in 1937 and the world of Textile Technology at any rate is not aware of anything he has done since either to add to his qualifications or to enrich the science. Mr. Halkatti is a non-Mysorean (vide extracts from his applications enclosed) whereas I am a born Mysorean and come of a family (that of Gurubhaktatilaka Rao Bahadur M.Q.Manjundiah) distinguished by public service in Mysore and have myself given up better prospects elsewhere for the love of serving Mysore. Apart from all this I have for over 19 months discharged in full and satisfactorily the duties and responsibilities of Principal in addition to my onerous work as professor.

5. Mr.Halkatti has more than once before applied (but without success) for a place on the teaching cadre of the Institute. In 1939 and again in 1940 he applied for the post of Assistant Professor and demanded a starting salary of only Rs.400/- per mensem; but on both these occasions his application was duly considered and rejected. In 1947, when it was proposed to have a combined post of principal and professor in the scale of 400-25-700 + Rs.100 Mr.Halkatti had applied but was not found good enough for the post.. The sanction of Government was specially obtained to raise the scale of pay to Rs.600-50-1000 in order to attract candidates with better qualifications and experience which would be adequate for the onerous duties and responsibilities of the post of principal of this developing Institute and which would ensure for the Institute due recognition both in India and outside India. When the post of re-advertised on this enhanced scale of pay Mr.P.B.Halkatti, myself and others applied. Since the rejection of his previous applications (even for the scale of Rs.400-25-700) as Mr.Halkatti has not added anything to his qualification, his selection now(Rs.600-50-1000 scale) would not, I submit, fulfil the objects with which Government were moved to raise the scale of pay of the post

I have, however, since my last application not only contributed three more valuable research papers but also won the high foreign distinction of F.T.I.(Manchester), apart from successfully discharging the onerous duties of the principal in addition to my work as professor and my selection would therefore amply secure the objects of the Institute of the Board and the Government and best serve the interests of the Institute.

6. In the light of all these considerations I beg to urge that the selection of Mr.Halkatti as principal in preference to me would mean preference to a non-Mysorean with lesser qualifica-tions, meagre experience and hardly any higher Technical attainment, over a Mysorean candidate rich in approved qualifications, ripe in experience and of high Technical standing who has given up much out of eagerness to serve the Institute and who has been successfully holding the post for the considerable period of over 18 months. Apart from going against the recognised convention of preferring Mysoreans already in the service to new entrants and non-Mysoreans, it will be a frustration of legitimate ambition for me to see the post of principal which I have successfully held taken away from me and given to a candidate who demonstrably compares so ill with me.. Besides, the importation of one of nearly the same age as myself and placing him above me will obstruct the legitimate progress both of myself and of my other colleagues viz. M.R.Krishnamurthy, B.Sc., D.Sc.,(Tech) A.M.C.T.,M.T.I. and R. Lakshmikanth, B.Sc., D.Sc.,(Tech) A.M.C.T. who are as well qualified as Mr.Halkatti. Such a situation also carries the seeds of unhealthy discontent among the staff and may well affect the work and progress of the Institute. I would therefore earnestly request that this question which is of importance not only for me but also for the Institute be further considered and that I may be confirmed as principal and professor of Textile Technology.

I have the honour to be
Sir,
your most obedient servant.

10th April 1947.

TO WHOM IT MAY CONCERN.

I am very pleased to give this testimonial to Mr.Srinagabhushana B.Sc.,

Mr.Srinagabhushana joined the Technological Laboratory, Indian Central Cotton Committee, in January 1929 as a research scholar, so that he was under my direction for the two years 1929 and 1930. He came to the Laboratory with first class qualifications in physics and quickly demonstrated that he was an excellent student in every way. He showed keen interest in all his work, particularly on his special problem of making a fibre analysis of Indian cottons at different stages of the spinning process. In this very laborious work Mr.Srinagabhushana always showed exemplary patience, diligence, and skill as well as considerable initiative. In this work he became completely familiar with the different processes of spinning, and the action of the different machines in relation to the material under process.

In his personal relationships Mr.Srinagabhushana was an excellent colleague, getting on well with everyone, so that it was a pleasure to work with him.

In view of his first class record and work, and his many fine personal qualities I looked forward with confidence to his rapid advance in his professional career, and to his doing much valuable work for his mother country.

I am glad to think that this anticipation has in fact been realised in the event, and I feel certain that his subsequent development has amply demonstrated his fitness for the post of principal and professor of textile technology at the Technological Institute, Bangalore.

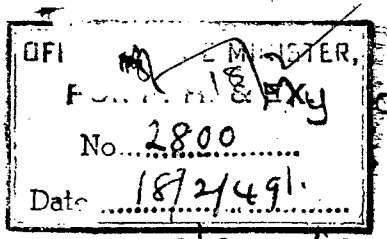
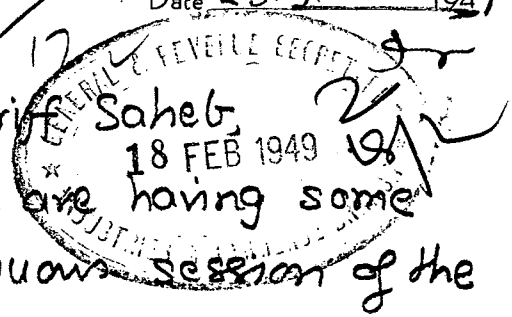
Dear Sample





Dear Janab, Sheriff Saheb,

I hope you are having some relaxation after a strenuous session of the Legislative Council and I hope you are keeping fit in spite of the stress and strain of your onerous duties and ~~endless~~ ceaseless activities.

2. I have just received the latest copy of the Manchester Textile Institute Year Book for 1948-49, from which I note below a few extracts for your kind information and reference in connection with my son's claims for confirmation as Principal in which post he has been acting since June 1946 and in the higher grade of Rs 600-1000 from August '47, which, I hope, you will be pleased to appreciate:—

(1). The F.T.I. and A.T.I are the equivalents

of University Degrees in Textile Technology (page 12)

(2) Fellowship is the highest Degree of Status of Membership (page 11)

(3) The Institute's Examinations are held in England, America, India, Australia, Newzeland and Poland (page 17)

(4) B.Sc.(Tech) Manchester may be used as a substitute for the Institute's Examinations to support applications for Associateship (p. 21)

(5) Out of a membership of 3779 of the Institute, so far, there are only 675 recognised as Associates (A.T.I) and among them only 280 have acquired the distinction of Fellowship (F.T.I.) (p. 105)

(6) Even a member by name Mr. Mhatre who is a B. Sc. M.Sc.(Tech), Ph.D is recognised for Associateship and not Fellowship. (p. 158)

(7) So far, in the Indian Union, there

GURUBHAKTA TILAKA
RAO BAHADUR N. S. NANJUNDIAH,
HASSAN.

Date _____ 194

are only two persons on whom Fellowship is conferred, of whom my son is the latest so recognised on 19-11-'47. (Page 178), the earlier one being Mr. Kapadia (page 148).

(8) Mr. Halakatti who is now recommended by the Board is not even recognised as an Associate whereas even an ~~Assistant~~ Professor in the Technological Institute itself is a B.Sc., B.Sc.(Tech.) and A.T.I. too. (Mr. M.R.K. murthy).

3. I now forget if I have submitted to you already a tabulated statement of the relative qualifications of my son and Mr. Halakatti. However, I beg to err on the safe side, and therefore submit herewith a copy of the same for reference when necessary.

4. My present address is, 36/1,

Ranga Rao Road, Shankarapuram, Bangalore. 4., and 'phone number is 2572, which I quote to apprise you that I will be ever ready and available for any information that may be needed of me in this connection.

5. With profound thankfulness for your uniform kindness and sympathy,

Yours, Sincerely,

B. Rangamurthy

Janab Mahmood Sheriff, B.A., LL.B.,
Minister for Public Health and Excise
Bangalore.

P. C. 9218-9

Sri.L.Muniswamy B.A.,
Deputy Commissioner,

OFFICE OF THE DEPUTY COMMISSINER.

Hassan, Dated...1st..July...49.

Dear Sir,

I write to state that I am proceeding to Bangalore to-day to see the Dewan and take instructions from him in connection with the visit of His Highness the Maharaja of Mysore to - Chennarayapatna, Kantharajapur and - Sravanabelagola on the 10th July 49.

This is for kind information of Government.

Yours sincerely,

L. Muniswamy 1/7/49.

Sri.K.Srinivasan B.Sc.,
Chief Secretary to Government,
Bangalore.

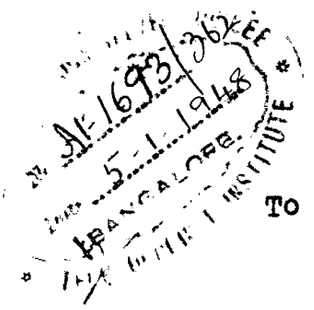
From:

Srinagabhushana, B.Sc., F.T.I.,
Ag. Principal,
Sri Krishnarajendra Silver Jubilee
Technological Institute, Bangalore.



To

The Chairman,
Board of Management,
Sri Krishnarajendra Silver Jubilee
Technological Institute, Bangalore.

Sir,

With reference to the resolution of the Board of Management recommending that Mr. C.P.Halkatti may be appointed (on probation) to the post of Principal which I have been successfully holding continuously since June 1946, I beg leave most respectfully to urge that my superior claims for confirmation in that post may kindly be favourably considered.

Before I came over to this Institute as Assistant Professor in 1940 I was very well placed in the service of the Indian Central Cotton Committee, Bombay. After a richly distinguished student career at the Central College, Bangalore, I had had two years' experience on the teaching staff of the College when the said Committee selected me, on the strength of my proven merit and its high promise, for the award of one of their research scholarships which were open only to the best among distinguished graduates from all Indian Universities. That Institute was then under the expert guidance of Dr. A.J.Turner, D.Sc., F.T.I., that Textile Technologist of world repute. It possesses up to date spinning and other machinery and an excellent research laboratory known to be the only one of its kind in Asia. I received intensive training in Cotton Technology and Research in this Institute for two years and thereafter worked for ten years as their Technological and Research Assistant. During this period I organised the Cotton Laboratory at Surat, investigated many problems

problems on spinning and came to have an intimate acquaintance with Textile Industry and its problems. My work during these years won high praise from the Cotton Committee (kindly see Dr. A.J.Turner's Certificate attached) and warm appreciation from the Industry. With these attainments, a vast field of opportunity and all the high prospects connected with the Committee and the Industry were open to me. Nonetheless, when I saw that the Government of Mysore decided to set up a Technological Institute dedicated to the sacred memory of the Late His Highness Sri Krishnarajendra Wadiyar, I considered it my duty to place my talent and experience, such as they were, at the disposal of my mother country. It is thus that I came to accept the appointment of Assistant Professor on a salary of Rs. 250/- per mensem in the scale of Rs. 200-25/2-300 (which was less than the grade and even the pay I was already drawing under the Committee). In making this choice I was aware that opportunities for advancement in Mysore Service would necessarily be more limited than those that were already open to me at Bombay; but I was attracted by the prospect of teaching Textile Technology to the Youth of Mysore and felt well assured that my claims for promotion, in any case, to higher posts in the Institute itself would not be denied.

(2) I have been on the teaching staff of the Institute practically ever since its inception having joined it in 1940 as Assistant Professor. Even then, I was found after due advertisement and interview the best candidate for the post, although among those who applied there were many, including Mr. C.P.Halkatti, (with foreign qualifications like Ph.D.(Leeds) and B.Sc.(Tech)(Manchester). In 1944 I was found fit to be promoted as Professor and since June 1946 I have been further promoted to act as Principal in addition to my duties as Professor. During these seven years I have taken active part in building up

up the standards and traditions of the Institute; and as Professor and acting Principal in charge of this Institute, I have been responsible for starting the Degree Course in Textiles, rearranging the curricula of studies, drawing up the details of the scheme of expansion and additional equipment &c., I have also had to reorganise the office in addition to exacting administrative and tutorial duties. During the years of war I have scrupulously resisted the temptation to accept lucrative outside jobs, and have preferred to work for this Institute with single minded devotion. And I am glad and grateful to be able to claim that my loyal and devoted service has found favour in the sight of the Board of Management and the Vice-Chancellor (Chairman), as will be apparent from the following extracts which I take the liberty of quoting in full.

1. The Board "considered the high academical qualifications, practical training and experience in Textile Technology, the distinguished record of research work extending over 17 years, teaching experience of nearly 8 years, administrative ability and very good work both as Acting Professor since June 1944 and also as Acting Principal since June 1946, of Mr. Srinagabhushana ..." (Resolution of the Board of Management dated 20th December 1946)

2. "it is noticed that a serious attempt has been made this year by the present Principal to improve the working of the office and Institution as a whole" (Vice-Chancellor's Inspection report dated 17th April 1947)

(3) In addition to this high record of approved work, I have taken pains to engage myself in active research in Textile Technology and have produced 16 original technical papers of which 12 have been published and the rest are accepted for publication in Indian and foreign scientific and technical journals (for details kindly see attached list). My contribution to the advancement of the knowledge of Textile Technology has attracted high recognition from the Textile Institute of Manchester and won for me

me their highest distinction of Fellow of the Textile Institute (F.T.I.). This is the only Textile Institute in the British Commonwealth empowered by Royal Charter to confer on Textile Technologists the world over such distinctions, which can only be earned by substantial contribution to the knowledge of Textile Technology.

According to Regulation 4 and 5 (vide annexure A) of the Institute those who have obtained the B. Sc. (Tech). (Manchester) degree or equivalent training (like Mr. C.P. Halkatti), are eligible only for the lower distinction of Associateship of the Institute (A.T.I.). For the higher distinction of Fellowship they could be considered only three years thereafter provided "they have made a substantial contribution to the advancement of knowledge relating to Textile Industries". (Regulation 14 and 15 vide Annexure A).

In my case, however, in due recognition of my high training, knowledge, experience and valuable original research in Textile Technology during the last 19 years, the Fellowship itself has been awarded to me straightaway. While, so far, there were only two Indians who are Fellows of the Institute, the third person who has only just been awarded the Fellowship is Mr. D.F.Kapadia, B.A., M.Sc.(Tech), Professor of Textiles, Victoria Jubilee Technical Institute, Bombay. I am the fourth Indian and the first and only Mysorean to secure this recognition which puts on my work and standing as a Textile Technologist the seal of approval by the highest recognised Technical authority in the British Commonwealth and, if I may say so, enhances the prestige of our Institute.

(4). In the matter of qualifications, technical or even administrative attainment Mr. Halkatti is, I venture to submit, inferior to me in every way. After matriculation, study at the Victoria Jubilee Technical Institute, Bombay, and at Manchester, he passed in the II class the B.Sc.(Tech)

examination
B.Sc.(Tech)(Manchester)(which carries with it the honorary title of A.M.C.T. I took a first class in B.Sc.(old Rules -Mysore) and the Fellowship I have now won is superior to B.Sc.(Tech). He has had no regular teaching experience whereas I have been in the teaching line for 9 years during 7 of which I have taught in this Institute itself. Mr. C.P. Halkatti's record of research work is admittedly nil, whereas mine is a recognised one of higher research in Textile Technology.

, Mr. Halkatti has a total service of only 8½ years to his credit and most of it on the inspecting side of the Indian Stores Department whereas I have put in a service of over 20 years of which 19 have been in the profession of Textile Technology. Mr. Halkatti's highest achievement namely B.Sc.(Tech) was reached in 1937 and the world of Textile Technology at any rate is not aware of anything he has done since either to add to his qualifications or to enrich the science. Mr. Halkatti is a non-Mysorean (vide extracts from his applications enclosed) whereas I am a born Mysorean and come of a family (that of Gurubhaktatilaka Rao Bahadur N.S.Nanjundiah) distinguished by public service in Mysore and have myself given up better prospects elsewhere for the love of serving Mysore. Apart from all this I have for over 18 months discharged in full and satisfactorily the duties and responsibilities of Principal in addition to my onerous work as Professor.

(5) Mr. Halkatti has more than once before applied (but without success) for a place on the teaching cadre of the Institute. In 1939 and again in 1940 he applied for the post of Assistant Professor and demanded a starting salary of only Rs. 200/- per mensem; but on both these occasions his application was duly considered and rejected. In 1947, when it was proposed to have a combined post of Principal and Professor in the scale of Rs. 400-25-700 + Rs. 100/- Mr. Halkatti had applied but was not found good enough for the post. The sanction of Government was

was specially obtained to raise the scale of pay to Rs. 600-50-1000 in order to attract candidates with better qualifications and experience which would be adequate for the onerous duties and responsibilities of the post of Principal of this developing Institute and which would ensure for the Institute due recognition both inside and outside India. When the post was readvertised on this enhanced scale of pay Mr. C.P.Halkatti, myself and others applied. Since the rejection of his previous applications (even for the scale of Rs. 400-25-700) as Mr. Halkatti has not added anything to his qualification, his selection now (Rs. 600-50-1000 scale) would not, I submit, fulfil the objects with which Government were moved to raise the scale of pay of the post.

I have, however, since my last application not only contributed three more valuable research papers but also won the high foreign distinction of F.T.I.(Manchester), apart from successfully discharging the onerous duties of the Principal in addition to my work as Professor and my selection would therefore amply secure the objects of the Board and the Government and best serve the interests of the Institute.

(6) In the light of all these considerations I beg leave to urge that the selection of Mr. Halkatti as Principal in preference to me would mean preference to a non-Mysorean with lesser qualifications, meagre experience and hardly any higher Technical attainment, over a Mysorean candidate rich in approved qualifications, ripe in experience and of high Technical standing who has given up much out of eagerness to serve the Institute and who has been successfully holding the post for the considerable period of over 18 months. Apart from going against the recognised convention of preferring Mysoreans already in the service to new entrants and non-Mysoreans, it will be a frustration of legitimate ambition for me to see the post of Principal

Principal which I have successfully held taken away from me and given to a candidate who demonstrably compares so ill with me. Besides, the importation of one of nearly the same age as myself and placing him above me will obstruct the legitimate progress both of myself and of my other colleagues Messrs. M.R.Krishnamurthy, B.Sc., B.Sc.(Tech), A.M.C.T., A.T.I. and Mr.B.Lakshmikanth, B.Sc., B.Sc.(Tech), A.M.C.T., who are as well qualified as Mr. Halkatti. Such a situation also carries the seeds of unhealthy discontent among the staff and may well affect the work and progress of the Institute. I would therefore earnestly request that this question which is of importance not only for me but also for the Institute be further considered and that I may be confirmed as Principal and Professor of Textile Technology.

I have the honour to be,
Sir,
Your most obedient servant,

Srigabhushana.

TO WHOM IT MAY CONCERN.

I am very pleased to give this testimonial to Mr. Srinagabhushana, B.Sc.

Mr. Srinagabhushana joined the Technological Laboratory, Indian Central Cotton Committee, in January 1929 as a research scholar, so that he was under my direction for the two years 1929 and 1930. He came to the Laboratory with first class qualifications in physics and quickly demonstrated that he was an excellent student in every way. He showed keen interest in all his work, particularly on his special problem of making a fibre analysis of Indian cottons at different stages of the spinning process. In this very laborious work Mr. Srinagabhushana showed exemplary patience, diligence, and skill as well as considerable initiative. In this work he became completely familiar with the different processes of spinning, and the action of the different machines in relation to the material under process.

In his personal relationships Mr. Srinagabhushana was an excellent colleague, getting on well with everyone, so that it was a pleasure to work with him.

In view of his first class record and work, and his many fine personal qualities I looked forward with confidence to his rapid advance in his professional career, and to his doing much valuable work for his Mother country.

I am glad to think that this anticipation has in fact been realised in the event, and I feel certain that his subsequent development has amply demonstrated his fitness for the post of Principal and Professor of Textile Technology at the Technological Institute, Bangalore.

Technological Inst.
Bangalore
12.1.48

To

The Principal
S.K.S.J. Tech. Inst.
Bangalore

Sir,

I herewith enclose an application to the Chairman of the managing Committee. I request you to send the same to the Chairman early.

I beg to remain Sir,
Your most obedient servant
TR Krishnamurthy

To

The Chairman,
Managing Committee,
S.K.S.J. Technological Institute,
B a n g a l o r e.

Through

The Principal,
S.K.S.J. Technological Institute,
BANGALORE.

Sir,

I beg to submit my application for your kind consideration.

I was one of those who applied for the post of Principal and Professor and I now understand that another applicant with lower qualifications has been selected by the Managing Committee. The new applicant is only a single graduate and has no teaching experience and is a non-Mysorean. I am a double graduate with foreign qualifications and possess both practical and teaching experience of over seven years.

During war, there was a great demand for the Textile Technologists in the Supply Department and many of our colleagues availed themselves of the opportunity and rose to good positions. Even though the same opportunity offered me a great temptation, as a born Mysorean, I considered as a duty to dedicate my service to this Institute, in its infancy and in order to make its status better if not the best Institute of its kind in India. The consensus opinion of the highly placed Supply Department officials under whom many of our students worked bears ample testimony to the proficiency of our teaching. In fact had I joined the Supply Department I should not only been drawing a minimum salary of Rs.800/- but had all the vast opportunities in the Government of India or the Industry in this post-war period. But now it looks as if all this sacrifice has meant nothing.

A colleague of mine with the same qualifications as myself, resigned his job in this Institute and joined the V.J.T. Institute in Bombay on Rs.600-25-700. About two months back I could have gone and joined the same Institute for a similar post, but I desisted from doing so in the hope and assurances that my loyal service and talents in the Institute would be recognised and promotions given.

Recently in the Engineering College, the Government have appointed a Mysorean as the Professor of Chemical Engineering even though he does not possess any foreign qualifications. It looks very strahge that I with my indigenous and foreign technical qualifications in addition to practical and teaching experience, should be denied the opportunity.

For the last one year I have shared and shouldered heavy responsibilities caused by starting the Degree Course in Textiles and frequent changes in the staff, etc.

In the circumstances, I submit the following for favourable consideration:-

That Mr.Srinagabushana who has been acting as the Principal and has recently acquired the unique distinction of the Fellowship of the Textile Institute, Manchester, which enahances the prestige of our Institute, may be confirmed as the Principal and in his vacancy I may be appointed as the Professor, otherwise with all my qualifications I have to stagnate or compelled to seek better prospects elsewhere.

In passing I may here mention that in our family, I am the only person who is ~~en~~ in the Government service in this State.

I beg to remain,
Sir,
Your most obedient servant,

M.R. Krishnamurthy

Bangalore,

Re: Appointment of Principal and Professor of Textile Technology for the Institute.

I am directed to invite kind reference to G.O.No.832-40/C.B. 60-47-1 dated 19th August 1947 sanctioning, among other things, the readvertisement of the post of Principal and Professor of Textile Technology in the Institute on a revised scale of pay of Rs.600-50-1000 with a provision that the starting pay to be given may be higher than the minimum depending upon the qualification and experience of the applicant, and to state that the post was extensively advertised both in the Mysore Gazette and local and outside newspapers through the Publicity Officer to Government. In response thereto, fifteen applications, from Mysoreans and non-Mysoreans, had been received. Copies of the tabulated statement of applications and also of the applications had been furnished in advance to all the members of the Board of Management of the Institute.

2. The Board at their meeting held on 15th November 1947 after a careful scrutiny of each one of the applications, resolved unanimously that Mr. C.P.Halkatti be recommended to Government for appointment as Principal and Professor of Textile Technology on Rs.750/- per mensem in grade Rs.600-50-1000, on probation for one year."

3. They also resolved that on the approval by Government of the above recommendation the Director, Indian Standards Institution, be written to for the early relief of Mr. Halkatti; and until he joins duty in the Institute the present arrangements be continued.

4. I am, accordingly, to forward herewith a tabulated list of the applications received as also copies of the appli-

applications received for the post for the information of Government and to request that as the Director, Indian Standards Institution, New Delhi, has stated in forwarding the application of Mr. Halkatti that if he is selected he may not be relieved before a new incumbent has been selected and joins duty or before the expiry of six months' notice whichever is shorter, Government may be pleased to pass early orders on the resolutions of the Board of Management recommending

i) the appointment of Mr. C.P.Halkatti as Principal and Professor of Textile Technology on Rs.750/- permanent in grade - Rs.600-50-1000, on probation for one year; and

ii) the continuance of the existing arrangements until he joins duty in the Institute.

I have the honour to be,

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
Education Department, Bangalore.

Sir,

Re: Appointment of Principal and Professor of Textile Technology for the Institute

---

I am directed to invite kind reference to G.O. No. 839-40/C.B.60-47-1 dated 19th August 1947 sanctioning, among other things, the readvertisement of the post of Principal and Professor of Textile Technology in the Institute on a revised scale of pay of Rs. 600-50-1000 with a provision that the starting pay to be given may be higher than the minimum depending upon the qualifications and experience of the applicant, and to state that the post was extensively advertised both in the Mysore Gazette and local and outside papers through the Publicity Officer to Government. In response thereto, fifteen applications, from Mysoreans and non-Mysoreans, had been received. Copies of the tabulated statement of applications and also of the applications had been furnished in advance to all the members of the Board of Management of the Institute.

2. The Board at their meeting held on 15th November 1947, after a careful scrutiny of each one of the applications, resolved unanimously that Mr. C.P.Halkatti be recommended to Government for appointment as Principal and Professor of Textile Technology on Rs. 750/- per mensem in grade Rs. 600-50-1000, on probation for one year."

P.T.O.

3. They also resolved that on the approval by Government of the above recommendation the Director Indian Standards Institution, be written to for the early relief of Mr. Halkatti; and until he joins duty in the Institute the present arrangements be continued.

4. I am, accordingly, to forward herewith a tabulated list of the applications received as also copies of the applications received for the post for the information of Government and to request that as the Director, Indian Standards Institution, New Delhi, has stated in forwarding the application of Mr. Halkatti that if he is selected ~~he should either give~~ six months' notice ~~or a substitute must be appointed prior to relieving him,~~ Government may be pleased to pass early orders on the resolutions of the Board of Management recommending

(1) the appointment of Mr. C.P.Halkatti as Principal and Professor of Textile Technology on Rs. 750/- per mensem in grade Rs. 600-50-1000, on probation for one year; and

(2) the continuance of the existing arrangements until he joins duty in the Institute.

APPLICATIONS RECEIVED FOR THE POST OF PRINCIPAL AND PROFESSOR OF TEXTILE TECHNOLOGY.

Received on .....

From .....

Worked up and submitted on .....

NOTES AND ORDERS.

In response to the advertisement for the post of Principal and Professor of Textile Technology, applications have been received from the following fifteen persons:--

Messrs.
1. T.M.Janardhan
2. R.P.Richardson
3. N.Banerji
4. B.N.Patel
5. A.N.Das
6. B.S.Viswanatha Iyer
7. M.B.Satyamurthy
8. Srinagabhushana
9. V.V.Gupte
10. C.N.K.Murthy
11. C.Kodanda Rao
12. P.C.Lewis
13. N.Majumdar
14. C.P.Halkatti
15. M.R.Krishna Murthy.

The last date for receipt of applications was 1st November 1947.

(1) Mr. C.P.Halkatti's application was received to-day, the 3rd November 1947. But, on 1st November 1947 a telegram was received from him stating that the application ~~is~~ was forwarded by his employers, Delhi, by air mail on 31st.

(2) Numbers 2, 3, 5 and 13 have not sent the required number of 15 copies of applications. (They have again been asked to do so).

(3) Numbers 1, 2, 3, 4, 5, 7, 10 and 13 have not sent the applications through their employers as required by the advertisement.

Note.—Contn. Sheet.

WD 04392—GPB—30,000—27-10-41

P.T.O.

(4) A copy of each of the applications with enclosures ~~is attached~~ will be submitted on the Chairman's return to Bangalore for kind perusal and return.

(5) A copy of each of the applications received (except when no copies are received) will be sent to the Board members.

(6) A tabulated statement re: the applications is being prepared and will be sent to the members.

(7) The advertisement called for two references to be given by each applicant.

It is for orders if any reference is to be made to them before the meeting on the 15th instant.

Not necessary
MRG

(8) The advertisement states that the applicants should interview the Selection Board at their cost, if required.

It is for orders if any is to be called for interview.

Only if the Board desires to interview any.
MRG

(9) Mr. Halkatti states this application is continuation of the previous one. Therein he had asked for a pay of Rs. 700 + Rs. 100/- or Rs. 800/- p.m. No specific request is made in this year's application.

The forwarding authority has stated in his letter that if selected Mr. C.P.Halkatti ~~can't~~ cannot be relieved unless a substitute is appointed or he gives six months notice.

(10) An application has been received for the post from Mr. M.R.Krishna Murthy, Asst. Professor in the Institute, today (3-11-1947).

If approved this will also be included in the tabulation.

MANAGING DIRECTOR.

(12)

To

The Secretary, Board of Management, Sri Krishnarajendra Silver Jubilee Technological Institute, Bangalore.

Sir,

With reference to your letter No.A1/1048-1149 dated 17.10.1947, I beg to apply for the post of Principal and Professor of Textile Technology of your Institute.

Informations required by you are given below seriatim according to the terms of Notification No.A1.888 dated 10.9.1947:-

1.	Name.-	AMARENDRA NATH DAS
2.	Caste or Community.-	HINDU.
3.	Age & Date of Birth.-	40 Years, 4th April 1907.
4.	General educational qualifications with a statement of academical career.-	A graduate of Pure Science of the University of Calcutta.
5.	Technical qualifications.-	A graduate in Cotton Textile Technology of the College of Technology, Manchester; an associate Member of the College of Technology, Manchester.
6.	Experience in Technical Teaching.	So far None.
7.	Industrial experience.	After my graduation in 1928 from the University of Manchester I worked as a voluntary apprentice with Messrs: Platt Bros., Oldham for about six months. In India I worked with Messrs: Finlay Mills for nearly one and half years (1934 - 1935.) I possess a thorough knowledge of testing and costing of fabrics as that was my main duty when I worked as Principal Appraiser (Piece goods) in Rangoon Customs (1935 - 1942). On evacuation from Rangoon I joined Cotton Textile Directorate now Textile Commissioner's Office, Bombay. In my official work I was primarily connected with the Cotton Industry as I had to do the planning work of supply of short supplied items of Cotton Textile (1942 - 1945). During my stay in Textile Commissioner's office I got the offer of the post of the Deputy Textile Commissioner, Assam, which I joined in December 1945. I was responsible for the procurement of all Cotton Textile requirements of the province and for planning new Cotton Mills in Assam. I retain a link of service with the Government of Burma. I am on leave now.
8.	Persons [illegible] with copies of publication.-	In the College of Technology I was awarded the [illegible] for my practical work in designing and producing novelty fabrics.

P.T.O.

9. Present position and salary if any.- Deputy Textile Commissioner, Assam, and Rs 600/-/- (Plus all other allowances).

10. Name of two persons to whom a reference can be made.- 1. S.K.Dutt, Esqr., I.C.S., Shillong, Assam.
2. B.C.Dutt, Esqr., Accountant General, Bombay

Yours most obediently,

Mr. A.N. Das, B.Sc. Tech. (Manchester) has been known to me for the last 10 years. He was employed in Rangoon Customs as a Principal Appraiser from 1936 to 1942. He evacuated to India in 1942 and since then worked as an Assistant Textile Officer, with the Govt. of Assam during the period 1942-47. Mr. Das holds high technical qualifications from the University of Manchester in the Textile line. Mr. Das's employments with the Governments of India, Burma and Assam in responsible posts connected with Textiles have enabled him to acquire invaluable experience and good practical knowledge in Textiles. I wish Mr. Das every success in life.

Application Form.

Post applied for: Principal & Professor of Textile Technology, Sri Krishnarajendra Silver Jubilee Technological Institute.

1. Name. V. S. Viswanatha Iyer
2. Caste or Community. Hindu, Brahmin.
3. Age and Date of Birth 50 years. 1st July 1897.
4. General educational qualifications with a statement of academic career.

(a) Passed the S.S.L.C. Examination of the Government of Madras from the Zamorin's College, Calicut in the year 1913-'14.

(b) Passed the Intermediate Examination in Arts of the University of Madras from the Theosophical College, Madanapalle, in Part II in the year 1916-17.

5. Technical Qualifications.

In 1918, joined the Victoria Jubilee Technical Institute, Bombay and took up the four years' Course in Textile Manufacture, i.e., Spinning, Weaving and its allied subjects.

(a) Firstly I took weaving subjects and passed with credit during the two years. I was awarded the Furdoonjee Fee Prizes for 1918-'19 and 1919-'20.

(b) Last two years, I took up Spinning and the marks gained by me at the Annual Examination in Spinning is shown below:-

1. Machine Drawing -	48%	4. Drawing -	70%
2 Spinning Lectures -	86%	5. Ring Spinning -	68%
3. Free Hand Drawing -	61%	6. Mule Spinning -	68%

In the year 1922, I was awarded the Diploma with the title, Licentiate in Textile Manufacture (Honours); Since I passed in the First Class in all the four years' annual examinations regularly.

I am a member of the Textile Institute, Manchester.
I am also a member of the Textile Association (India), Bombay.

6. Experience in Technical Teaching.

I had never been a teacher in any Institute; but had lectured on Textile Subjects at the following Institutions.

(a) V. J. T. Institute, Bombay in 1923.
(b) Serampur Technical Institute, Calcutta in 1941.
(c) Industrial School, Sholapur in 1943.

7. Industrial Experience.

(a) Apprentice in the Weaving Department of the Morarjee Goculdas Mills, Ltd., Bombay for three months during Institutes' Vacation in 1919.

P.T.O.

(b) Line Jobber in the Weaving Department of the Morarjee Goculdas Mills Ltd., Bombay just before the Annual Examination with the permission of the Board of Management of the Institute in 1922.

(c) Jacquard Designer, Jobber, and Assistant at the Maltbradas Mills, Ltd., Bombay during 1922-'23.

(d) Weaving Master to the Commonwealth Weaving Factory, Cannanore during the years 1923-'32.

(e) Manager of Tile Factories under the management of the Commonwealth Trust, Ltd., Calicut during the years 1932-'38.

(f) Assistant Weaving Master at the Ahmedabad Jupiter Spinning Weaving and Manufacturing Co. Ltd between Feb. and Aug. 1938.

(g) Erected all the machineries, including Bleaching & Dyeing, and worked them before handing them over to the Agents, the Ambika Silk Mills, Ltd., Bombay during the years 1938-'39.

(h) Weaving Master to the Sassoon & Alliance Silk Mills Co. Ltd., Bombay during the years 1939-'40.

(i) Weaving Master to the Shree Radhakrishna Cotton Mills, Ltd., Howrah in the years 1940-'41.

(j) Senior Assistant Weaving Master to the Kesoram Cotton Mills, Ltd., Calcutta during the years 1941-'42.

(k) Joined the Central Government, War Department, I.S.D., as a temporary Gazetted Officer, Assistant Inspecting Officer, (Textiles) in March 1942 and left same at the end of Oct. 1945.

During these years, I was posted to many centres on the Inspection of Textile, Mechanical and Electrical goods manufactured by the Mills and offered to the Central Government for the use of the Combatants. The main centres were:—

1. Ahmedabad.
2. Sholapur, including Nizam's Dominions and Barsi.
3. Bangalore, including Mysore and Chennapatna.
4. Madura, including Tinnevelly, Tuticorin, Ambasamudram and Quilon.

(l) Joined the Metters Industries, Ltd, as Weaving Master and remained in that post till 31st July 1946.

(m) Between August 1946 and August 1947 (both inclusive) I was the Weaving Master and Technical Adviser to the newly Started Mill at Madura, viz., the Madura Srinivas Mills Ltd., Madura.

In Short, I am in the Textile trade and manufacture from the year 1919 to this day.

(Contd. on P. 3).

8. Research Work done with copies of publications.

None of my innovations had been published; since they were done while serving the Mills and under conditions very different from ordinary times with Semi-Skilled and unSkilled labour. Out of the many, I note a few here for your information:—

(a) While serving the Commonwealth Weaving Factory, Cannanore, I introduced Jacquard Harness Cards in the place of Separate healds to work Dhotty and Saree Small borders.

(b) In the Same Mill, where coatings only were manufactured with twisted yarns in heavy looms, I introduced with Slight Changes the manufacture of Shirtings and Dhotties upto 40s Counts.

(c) At the Kesoram's Calcutta, where the Central Government needed very badly Khaki twisted yarns (5-fold) and only alternate Spindles were working in the Doubling machines on account of ballooning, I introduced a Special Connection which helped the Mill to run all the Spindles and increase or double the production.

9. Present position and Salary, if any. Unemployed Since 1st. September 1947.

10. Names of two persons to whom a reference can be made.

(a) R. N. Winkley, Esq.,
Manager,
The Bhopal Textiles, Ltd.,
Bhopal.

(b) Sri. P. S. Mani Iyer, Asst.,
Managing Director,
Madura Srinivas Mills, Ltd.,
Madura.

Declaration.

I Solemnly declare that the entries made in this form are true to the best of my Knowledge and belief.

Dated 24th October 1947. V. S. Viswanathaiyer
(Signature of Candidate).

P. T. O.

(1) Mettur Industries Ltd.

Mettur Dam. R.S.
31st July 1946.

To Whom It May Concern.

This is to certify that Mr. V. S. Viswanatha Iyer was employed in our Mill as the Weaving Master from the 22nd. October 1945 until the 31st. July 1946 when he left our Services of his own accord to suit his own domestic arrangements.

During this period of his employ with us, he has proved himself to be a very Satisfactory Weaving Master and has a good, Sound Knowledge of weaving and its associated processes. He has a good ability to Control Labour and in all respects, he has shown himself to be fair and just in his decisions. We are very sorry to lose his Services and wish him every Success in the future.

(Sd) R. N. Weinkley
(Manager, Mettur Industries Ltd).

(2) Srinivas Mills, Ltd.

Madura,
29th July 1947.

To Whom It May Concern.

This is to certify that Mr. V. S. Viswanatha Iyer, A.T.M.(Hons)., has been under our employ for the last one year as Weaving Master and Technical Adviser. His long experience in the Textile line has been of immense use to us in the Work of planning this New Mill. He has given us the most economical plan by adjusting the machineries in their proper Sequence and has helped in ordering for the required machineries in all branches of the Mill, such as, Spinning, Weaving, Bleaching and Dyeing.

Due to the inordinate delay in getting the machineries, we have to part with his Services. We wish him Success in his future endeavour.

For the Madura Srinivas Mills, Ltd.,

From,

M.B. Satyamoorthy, L.T.M.(Hons.).,
71, Mint Street,
P.T.Madras.

To

The Secretary,
Board of Management,
Sri Krishnarajendra Silver Jubilee Technological Institute,
Bangalore.

Sir, With reference to your advertisement in the "Hindu" dated 27th September '47 for the post of Principal and Professor of Textile Technology, I wish to apply for the same.

I am furnishing below the necessary information :-

Name :- M.B.Satyamoorthy.

Caste or Community :- Sourastra.

Age and date of birth :- 25 years, 17-3-1922.

General educational qualifications :- Passed Intermediate (with Mathematics, Physics, and Chemistry as Optionals) in first class in March 1941, from the Presidency College, Madras.

Technical qualifications :- Passed the L.T.M. Diploma course in first class first in April 1945, from the Victoria Jubilee Technical Institute, Bombay.

Experience in Technical Teaching :- Serving as a lecturer in Textile Technology in the A.C.College of Technology, Guindy, Madras for the last two years and conducting classes in Preparation and Spinning, Preparation and Weaving, Fabric Structure and Analysis, Textile Testing, Textile Engineering, and Mill Organisation, etc., for the B.Sc (Tech) degree students of the Madras University. My present term of appointment as Assistant in Textile Technology terminates on the afternoon of 25th November '47 as the post I have taken is a temporary one.

Industrial experience :- Undergone practical training in Spinning and Weaving for a period of six months in the James Finlay Mills, Parel, Bombay.

Pay expected :- I expect the pay advertised.
I am prepared to join duty on the 1st of December '47, if I am selected for the above post, and I assure you that I will do my level best to your entire satisfaction.

Expecting your favourable orders.

Yours faithfully,

M.B.Satyamoorthy.

SRI KRISHNARAJENDRA SILVER JUBILEE TECHNOLOGICAL INSTITUTE
No. AL-1098
Date 27.10.47
BANGALORE

Bangalore,
Dated 25-10-1947.

To

The Secretary,
Board of Management,
Sri Krishnarajendra Silver Jubilee
Technological Institute, BANGALORE

Sir,

In response to your advertisement inviting applications for the post of Principal and Professor of Textile Technology, at the Sri Krishnarajendra Silver Jubilee Technological Institute, Bangalore, I beg to submit this my application for the post giving the following required particulars.

1. Name — Srinagabhushana.

2. Caste or Community — Brahmin.

3. Age and date of birth — 39½ years. 8th May 1908.

4. General educational qualifications with a statement of academic career. — 1927 - Passed B.Sc.(Old Rules now re-organised into the Honours Course) Physics (Main), FIRST CLASS - Mysore University. Secured class Prize in Physics.
1930 - Stood I in Physics for the whole of India and scored 196 out of 200 marks in viva voce at the Indian Audit Service examination 1930.

5. Technical qualifications — Soon after passing the B.Sc. examination I was appointed lecturer in Physics, Central College, B'lore, where I served for two years. At that time the Indian Central Cotton Committee offered scholarships to distinguished graduates of Indian Universities with Honours degrees or equivalent qualifications for post-graduate training in Cotton Technology under the immediate guidance of the then Director of their Technological Laberateries Dr. A.J.Turner, who was himself the Professor of Textile Technology at Manchester. In view of its being a top-ranking Technological Insti-

Institution for post-graduate training in Cotton Technology as stated by the Royal Commission on Agriculture, under the distinguished direction of the erstwhile Manchester Professor, I accepted, in preference to studies abroad, the research studentship in Cotton Technology offered by the Committee, being selected from among 14 distinguished graduates from all over India. Thus selected in 1929 I was trained for two years in spinning and fibre technology, and Research in the Technological Laboratory, Bombay--the only one of its kind in Asia, under Dr. A.R.Turner, D.Sc., late Professor of Textile Technology, Manchester, then Director, Technological Laboratory, Bombay, later head of the Spinning Department and tutor to all trainees, British Cotton Industry Research Association (1931-40) and now Director, Linen Industry Research Association, Belfast.

Thereafter worked in the services of the Cotton Committee on cotton spinning and allied problems till 1940 as Cotton Technological Assistant, Gujarat and Research Assistant, Cotton Technological Research Laboratory, Bombay, under Dr. Nazir Ahmed, then Director, later Member, Indian Tariff Board and now Secretary, Development Board, Pakistan. The high order of this technical training received by me was duly recognised by the Board who selected me in preference to graduates with foreign qualifications in 1940, as Assistant Professor and gave me a higher initial salary in the grade pay of the post.

I have been elected as a member of the Textile Institute, Manchester in May 1947.

8. Experience in technical teaching

(1) 1927-29 - Taught Physics at the Central College, Bangalore.

(2) As an Assistant Professor at the Technological Institute since 1940 and as Professor since 1944, I have an

an additional teaching experience for 7 years.

Thus I have 9 years teaching experience in all.

SUBJECTS TAUGHT: (1) General Textile Technology, spinning processes, cotton, silk, wool and jute.
(2) Testing of cotton, wool and silk fibres, yarns and fabrics and statistical interpretation of results.

In addition general supervision of the work of the weaving shed, Dyeing and Printing section and the Dye House.

Industrial Experience.

As Technological Assistant, Gujarat, was closely connected with the Gujarat Mill Industry, particularly in the matter of optimum conditions of spinning of newly introduced types of cottons in the Broach Fine Counts Spinning Mill, the Chandrodaya Mills, Viramgam.

On invitation, a special investigation was conducted in the Shapurji Baruchs Mills, Bombay, regarding frequent yarn breakages.

A knowledge of the systems of processing and general organisation of mills was acquired during visits to mills like the Morarji Gocaldas, the Khatau Makanji, Kohinoor, Tata, New City of Bombay, &c., in Bombay and the Aravind, Calico, Raipur, &c., in Ahmedabad.

During the training and while working on specific problems at the Bombay Technological Laboratory intensive practical experience was acquired. A number of lace manufacturing, lace border weaving and cottage weaving establishments were also visited in Gujarat.

8. Research work done with copies of publications.

In addition to my duties in Bombay, Gujarat and in Bangalore, considerable research work has been and is being done by me as a result of which the following 16 papers have been or are being published in Indian and

and foreign scientific and technical Journals (Copies attached wherever available).

PAPERS PUBLISHED.

1. "Variation in the fibre properties of similar strains of cotton grown in different tracts of Gujarat" -- Indian Journal of Agricultural Science February, '36.
2. "Note on Wagad 8, Early and late sown" - Current Science, December 1937.
3. "Variation in the fibre characters of different plants of 1927 A.L.F." - Indian Textile Journal, Dec. '42.
4. "Spinning tests on mixtures of staple fibre with Indian cottons" - Indian Central Cotton Committee Technological Bulletin, January 1944.
5. "Variation in lint characters of Broach Desi 8" -- Indian Textile Journal, October 1944.
6. "Post War Textile Research" - Mysore Commerce, Dec.'44.
7. "Role of Testing in Textiles" - Dasara Exhibition Guide, 1944.
8. "Art in Textiles" - Dasara Exhibition Guide, 1945.
9. "Mysore Silk--Quo Vadis" - Mysore Commerce, May 1946.
10. "On some physical properties of Mysore Raw Silk" - Fourth All India Textile Conference March 1947.
11. "Shrinkage of Parachute Silk Fabrics" - Textile Manufacturer, Manchester, May 1947.
12. "Physical Properties of parachute Silk Fabric" - Indian Textile Journal, August 1947.
13. "Variation in the Propertiesx of the Cotton fibre in relation to its position on the surface of the seed; Part II, Fibre Rigidity, Fibre Width and Fibre Convolutions (accepted for publication in the Indian Journal of Agricultural Science)
14. "Nylon Fabric and its care" - (To be published in 'Fabric')
15. "Some aspects of Textile Finishing" - (To be published in 'Fabric').
16. "Effects of Carding and Drafting on fibre quality; Property of card wastes (in preparation).

Problems relating to Silk and Glass filaments, yarns and fabrics as also Nylon fabrics are under investigation.

. Present Position and salary, if any. As Professor of Textile Technology since June 1944 and Acting Principal also since June 1946, I have been recommended to draw Rs. 475/- (in grade Rs. 400-25-700) plus Rs. 120/- acting allowance in grade Rs. 600-50-1000 i.e., a total of Rs. 595/- apart from dearness allowance of Rs. 40/- making a total of Rs. 635/- per mensem.

10. Names of two persons to whom a reference can be made.

Reference may kindly be made to

(1) Dr. Nazir Ahmad, Ph.D., O.B.E.,
Secretary, Development Board,
Government of Pakistan, Karachi.

(2) B.Ganapath Rao, Esq., Deputy General Manager,
Mysore Spinning and Manufacturing Co., Ltd.,
Bangalore.

GENERAL

I come from the Malnad District for which people special encouragement is given by Government.

I organised a cotton testing Laboratory in Surat and was in independent charge of it for six and a half years. There and as Professor, and Acting Principal in charge of this Institute, I have been responsible for starting the Degree Course in Textiles and re-arranging curricula of studies drawing up the details of the scheme of Expansion and equipment &c., for the Institute and reorganising the office in addition to exacting administrative and tutorial duties. Considerable administrative and organising experience has thus been acquired. As the Secretary to the Board additional valuable experience has been gained.

I was a prefect in the Central College hostel. In Bombay, I organised and managed the hostel of the Mysore Association, Bombay. Sports and literary activities were initiated by me as Chairman of the Institute Union for six years.

I joined this Institute in 1940, giving up a higher salary and further prospects in other parts of India in order to serve my mother country in an Institution associated with that beloved ruler His Highness the late Maharaja of Mysore. And I am extremely grateful to the Board and the benign Government who have always been pleased not only to give me continued support and encouragement in this Institute but also to recognise my ability and loyal service by promoting me as Professor on a substantive basis.

I believe I have given them entire satisfaction as Acting Principal for the past 18 months and therefore seek their kind and valuable support for now confirming me as Principal.

Being a born Mysorean, I am naturally anxious to develop this unique State Institution and I assure the Board that if confirmed as the permanent head of this Institution I would give the best of me, nay, make it my life's mission to develop this into a premier technological Institute training the country's yough for the Industrial advancement of Mysore.

I may be permitted to state too that my father Guru Bhakta Tilaka Rao Bahadur N.S.Nanjundiah, a Lawyer by profession has rendered distinguished Public Service to all classes and communities at great personal sacrifices, as a pioneer non-official worker in the field of Local Self Government as the first nominated and then the first elected President of Hassan District Board and Municipal Council, Member of Legislative Council, Representative Assembly and various Committees constituted by Government, for nearly 20 years.

As required I have attached herewith testimonials from

(1) Dr. A.J.Turner, M.A., D.Sc., Director, Linen Research Industry Association, Belfast.

(2) Adl-ul-mulk C.Abdul Ghani, Esq., B.A., B.L., Retired Judge, High Court, Bangalore.

(3) Dr. L.Theris, D.Ing (Germany), Technical Adviser, Travancore Rayons.

I have thus acquired after a first class academic career, sound theoretical knowledge and practical training (under eminent technologists like Dr. Turner,and Dr. Nazir Ahmad) and experience in Textile Technology in various capacities for the past 18 years and possess teaching experience for over 9 years, an unbroken service of over 20 years, organising ability, administrative capacity, and a distinguished record of research work in Textile Technology for over 18 years, and submit my application for kind and favourable consideration.

I have the honour to be,
Sir,
Your most obedient servant,
S. Jagathishaiah

LINEN INDUSTRY RESEARCH ASSOCIATION.

The Research Institute

Lahneg Lisburn

Co. Antrim.

Director of Research:
A.J.Turner, M.A.,D.Sc.

Telegrams and Telephones
Lisburn 2255
10th April 1947.

TO WHOM IT MAY CONCERN.

I am very pleased to give this testimonials to Mr. Srinagabhushana, B.Sc.

Mr. Srinagabhushana joined the Technological Laboratory, Indian Central Cotton Committee, in January 1929 as a research scholar, so that he was under my direction for the two years 1929 and 1930. He came to the Laboratory with first class qualifications in physics and quickly demonstrated that he was an excellent student in every way. He showed keen interest in all his work, particularly on his special problem of making a fibre analysis of Indian cottons at different stages of the spinning process. In this very laborious work Mr. Srinagabhushana showed exemplary patience, diligence, and skill as well as considerable initiative. In this work he became completely familar with the different processes of spinning, and the action of the different machines in relation to the material under process.

In his personal relationships Mr. Srinagabhushana was an excellent colleague, getting on well with everyone, so that it was a pleasure to work with him.

In view of his first class record and work, and his many fine personal qualities I looked forward with confidence to his rapid advance in his professional career, and to his doing much valuable work for his Mother country.

I am glad to think that this anticipation has in fact been realised in the event, and I feel certain that his subsequent development has amply demonstrated his fitness for the post of Principal and Professor of Textile Technology at the Technological Institute, Bangalore.

Sd/ A.J.Turner, M.A., D.Sc.,

Formerly Professor of Textile Technology, Manchester University and College of Technology, 1919-1923.
Director of the Technological Research Laboratory,
Indian Central Cotton Committee, Bombay, 1924-1930.
Head of Spinning Department, and Tutor to all Trainees, British Cotton Industry Research Association 1931-40.

Director of Research, Linen Industry, Research Association 1940 to date.

C.ABDUL GHANI.

Bangalore,
11-4-47.

Mr. Srinagabhushana wo intends to apply for the post of Professor of Textile Technology recently advertised, is known to me for over 30 years. I was stationed twice in Hassan to which place he belongs; and his father Rao Bahadur N.S.Nanjundiah is an intimate friend of mine. I am thus in a position to vouch for the character and capacity of the candidate. He is one of the brilliant Scholars which Central College at Bangalore has produced. He took a first class in the B.Sc.Examination and secured the prize for Physics which the College awards to the best student. Thereafter he specialised in Textile Technology, after being selected by the Indian Central Cotton Committee from among several candidates from different parts of India. He has had training under distinguished Professors in the subject. He is now acting Principal of the Technological Institute at Bangalore and gives instruction to students in Textile Technology amongst other subjects. He has done research work and has published several papers. Apart from his being well up in theory and practice of the subject, he has had administrative experience. In my opinion, he is a suitable candidate and will deserve the choice, if it falls on him.

Sd/ C.Abdul Ghani,

Retired Judge of the
High Court.

C E R T I F I C A T E.

This is to certify that Mr. Sri Nagabhushana is known to me for over a decade during which period I found him to be one of the few outstanding Research Workers on Textile Technology in this country. Ever since his initiation in Cotton Technology in the year 1929 he has been actively and fruitfully engaged in that very useful branch of applied science in India.

Mr. Sri Nagabhushana has a dynamic personality full of energies scrupulously directed towards his well-defined goal with the aid of his vast specialised knowledge for which he possesses an insatiable thirst. He moreover possesses a natural aptitude to impart his intellectual belongings to others in such an explicit manner, as will I am sure carry him to the fore-front of the teaching profession.

I wish Mr. Sri Nagabhushana every success in his aspirations and shall be delighted to find him hold a responsible position in the field of Textile Technology, as I have a firm conviction that he will do justice to it.

Sd/ L.Thoria.

Through the Director, Technological Laboratory,
Indian Central Cotton Committee, Matunga.

To

The Secretary,
Board of Management,
Sri Krishnarajendra Silver Jubilee Technological Institute,
Bangalore.

Sir,

I beg to apply for the post of Principal and Professor of Textile Technology at your institute.

I submit hereunder all the particulars required by you.

Name:- Vasant Vasudeo Gupte.
Age & Date of birth:- 41, 21-3-1906.
Caste or community:- C.K.P. Hindoo.
General Educational Qualifications with a statement of academic career.

Degrees.	B.Sc.(Bomb)	B.Sc.(Tech) Manchester.
Class.	II	I
Subjects.	Mathematics and Physics.	Textile Industries.

Technical Qualifications:- I have been examiner in Textiles at the following institutions.

1. Victoria Jubilee Technical Institute (Bombay)
2. Technical School at Parel (Bombay)
3. R.C. Technical School at Ahmedabad.

Experience in Technical Teaching:- I have worked as a lecturer in cotton spinning at the V.J.T.I. (Bombay)
(2) I am Coaching ~~cotton spinning to~~ the students admitted at the Technological Laboratory, Matunga. in cotton spinning

Industrial Experience:

(1) Served in the Jubilee Mills, Ahmedabad for 4 years.
(2) Worked for a short time at the Khatau Mills, Bombay.
(3) Worked as Textile Engineer and Assistant Manager with C. Doctor & Co. for one year.
(4) Worked as Spinning Master at the Victoria Mills Bombay for two months.

Research work done:- I have written up the following papers:

(1) The effect of employing different speeds in the Draw-frame on the quality of yarn.
(2) The effect on the quality of yarn of employing different speeds and additional weights on the drafting rollers of the Draw-frame.
(3) The combing of some Indian and Kampala cottons.
(4) Spinning tests on small size samples.
(5) Shirley Analyser tests.

No.1 of the above is published a copy of which is enclosed herewith. Others are awaiting publication.

Through the Director, Technological Laboratory,
Indian Central Jute Committee, Calcutta.

Sir,

I beg to apply for the post of Assistant in Textile Technology at your Institute.

I submit herewith all the particulars required by you.

Name:- Vasant Vasudeo Gupte.
Date & Date of Birth:- 21, 21-5-1916.
Caste or Community:- C.K.P. Hindu.
General Educational Qualifications with Percentage of Marks obtained:-

Degrees.	Subjects.	Marks obtained (Percentage)
Degrees.	Matric Science	72% (Merit)
	Inter Science	68% (Merit)
	B.Sc. (Hons)	65% (Merit)

Technical Qualifications:- (1) Diploma in Textile Technology from the Bombay Technical School, Bombay.

(2) Certificate in Textile Technology from the Technical School, Calcutta.

(3) Diploma in Textile Technology from the Technical School, Madras.

Experience in Technical Research:- I have worked in the cotton spinning [illegible] for [illegible] years.

(1) I am working on the Technological Research Laboratory, Bombay, since [illegible].

(2) I am working on the Technological Research Laboratory, Calcutta, since [illegible].

Industrial Experience:

(1) Served in the Textile Mills, [illegible] as Technical Assistant for [illegible] years.

(2) Worked for [illegible] in the Textile Mills, [illegible] as Technical Assistant for [illegible] years.

(3) Worked as Textile Technologist, [illegible] with [illegible] for one year.

(4) Worked as Spinning Master in the [illegible] Mills, [illegible] for two years.

Research Work done:- I have written an [illegible] on the following subjects:

(1) The effect of [illegible] on the [illegible] of cotton yarn.

(2) The effect on the quality of yarn by [illegible] different speeds and [illegible] draft.

(3) The combing of mono [illegible] and [illegible] yarn.

(4) Spinning tests on [illegible] mule.

(5) Spinning analysis [illegible].

No. 1 of the above is [illegible] and enclosed herewith. [illegible]

Besides the above I have carried out the spinning work in connection with a number of problems tackled at the Technological Laboratory of the Indian Central Cotton Committee an acknowledgement of which can be found in the respective publications of the Laboratory.

Present position and salary:- Spinning Master, Technological Laboratory, Indian Central Cotton Committee, Matunga.

Salary Rs.575+Rs.75 cost of living allowance + Rs.75 Bombay allowance + Free Quarters.

Names of two persons to whom a reference can be made.

1. Hon. N.V. Gadgil, minister for works and mines, Govt. of India.

2. Dr. Nazir Ahmad, Secretary, Development and reconstruction Board, Pakistan, Karachi.
(ex-Director, Technological Laboratory, Matunga.)

In addition to the above I would like to mention that I am the joint Editor of "The Textile Digest" a quarterly of the Textile Association (India).

I am an excellent sportsman. I had captained the Fergusson College (Poona) Cricket eleven and was playing foot-ball for their representative eleven. I was also representing the Manchester College of Technology for cricket.

Fifteen copies of each of the two testimonials are attached herewith.

Hoping to be considered favourably.

I beg to remain,
Sir,
Your most obedient servant,
V.V. Gupte

College of Technology.

Manchester.

Textile Department.

To Whom it may concern.

Mr. Gupte graduated here in 1935 with the degree of B.Sc.Tech. obtaining a first division pass. He was a very good student from the points of view of both theoretical and practical work, especially in Cotton Spinning which was his special subject. He was regarded here as definitely one of the best Indian students we have had and I can recommend him strongly.

SIGNED: W. E. Morton.

Professor of Textile Technology

College of Technology.

Manchester.

Textile Department.

To whom it may concern.

Mr. Gupte graduated here in 1950 with the degree of B.Sc.Tech. obtaining a first class pass. He was a very good all round student who has had and I can recommend him strongly.

Professor of Textile Technology.

True copy.

Mr. Vasant Vasudev Gupte has been known to me for many years as he was a student of the Fergusson College in which I worked and as he is the son of my late friend Mr. V.R. Gupte, B.A., LL.B., M.L.C. He passed his B.Sc. of the Bombay University and then worked for some years in a mill at Ahmedabad; and after getting his practical experience he went to Manchester and passed his B.Sc.(Tech) of that University in the first class. He is thus very well qualified, both in practice and theory.

Personally he bears an excellent character. He is a fine sportsman, having been captain of the Fergusson College Cricket team, and is keen and energetic. He comes from a good family. In every way I can confidently recommend him for a responsible post and I am sure he will acquit himself very well.

Sd. R.P. Paranjpye,
Vice Chancellor, Lucknow University.

Fergusson College in Poona - [illegible]
the son of my late friend Mr. V... [illegible]
M.A., M.L.C. He passed his [illegible]
University and then entered [illegible]
mill at Ahmedabad; [illegible]
experience he went to [illegible]
B.Sc.(Tech) of that University [illegible]
He is thus very well qualified, both in practice
and theory.

Personally he bears an excellent character. He
is a fine sportsman, having been captain of the
Fergusson College Cricket team, and is also an
energetic. He comes from a good family. In every
way I can confidently recommend him for [illegible]
eligible post and I am sure he will [illegible]
very well.

Yours faithfully,
Vice Chancellor, Bombay University.
Late Member of the India Council.
Late Minister of Education, Bombay.
High Commissioner for India in
Australia.

Mr. C.N.K. MURTHY,
B.Sc. (Hons.), B.Sc.(Text.), Ph.D(Leeds).
Deputy Works Manager,
The Mysore Cotton Silk Mills Ltd.,
BANGALORE.

APPLICATION FOR THE POST OF PRINCIPAL OF DEPARTMENT OF TEXTILE TECHNOLOGY OF THE SILVER JUBILEE TECHNOLOGICAL INSTITUTE, BANGALORE.

---

1. Name — C.N.K. MURTHY (Mysorean by birth).

2. Caste or community — Hindu, Brahmin.

3. Age and Date of birth — 35 years; 26th February, 1912.

4. Educational qualifications with a statement of the academic career.

Examination or degree	Subjects Taken	Class obtained	Date.
a. Intermediate Examination of the Mysore University.	Physics, chemistry and Mathematics.	First Class	June, 1930
b. B.Sc.(Hons.) degree of the Mysore University.	Chemistry (Major) Physics (Subsidiary)	Second Class	June, 1933

5. Technical qualifications:

a. B.Sc. Degree in Textile Technology in the year 1936 from the University of Leeds, England.

b. Ph.D. Degree in Textile Chemistry in the year 1938 from the University of Leeds, England.

c. Qualified in some of the Textile Technology subjects in the examinations held by the City & Guilds Institute, London in the year 1936.

6. Experience in Technical teaching: N i l.

7. Industrial experience:

a. I have served for a period of six months from January, 1939 to July, 1939 with messrs. Imperial Chemical Industries (India) Ltd., being in charge of the Dyestuffs (Sales) section of their Calcutta branch office.

b. I have served for a period of one year from 14th Dec. 1939 to 20th Dec. 1940 with messrs. J.F.Deeson and Co. Ltd., at Raymond Woollen Mills.

7. Industrial experience (Contd.)

c. served for a period of nearly five years from 2nd January, 1941 to 14th September, 1945 with the Government of India in the cadre of class I gazetted officer, in the Indian Stores Department under the Controller General of Inspection, War Department, Master General of Ordnance, New Delhi first as Assistant Inspecting Officer (Textiles) and then promoted as Inspecting Officer (Textiles). During this period I have been in charge of the inspecting and testing of textile stores of various description manufactured by the mills in Bangalore, Madras and Bombay areas against standard specification requirements of the Defence Services of the Government of India. Further, during this period, I was placed in independent charge of the Inspection Centre at Bangalore for a period of three years, which has enabled me to gain good administrative experience and my work has been conducted to the entire satisfaction of my superior officers one of whose name with official designation I have given below for whom reference could be made, if necessary.

d. From 14th September, 1945 onwards, I am in the services of Messrs. Tungabhadra Silk Mills Ltd., Channapatna, as the Deputy Works Manager by which service, I have gained considerable practical and organising experience of the Textile Industry in general and the Silk Industry in particular.

8. Research work done with copies of publications.

During the period of my post graduate study from June, 1936 to August, 1938 at the Leeds University England, I investigated under the direction of Dr. J.B. Speakman, D.Sc., F.I.C., F.T.I., then Director of Research in Textile Chemistry and now the Professor of Textile Industries, Leeds University England, the problem of oxidation of oil applied to the woollen fibres during the processing of the same into yarn and recommendations were made as to how excessive oil oxidation might be avoided in practice. The influence of the pH condition of fibre, catalytic effect of the various groups of dyestuffs and metallic catalysts on the rate

8. Research work done with copies of publications (continued).

of oxidation of oil were studied during this investigation and a summary of the work done and a conclusions arrived at have been published in the Journal of the Society of Dyers and Colourists England vide J.S.D.C. 1940, vol. 56, page 252. I may add, in this connection that I was the recipient of Research Scholarship from the Leeds University during the period of my post-graduate study to the degree of Ph.D.

N.B. One copy of the reprint of the publication cited is enclosed along with the Secretary's copy of the application form which may kindly be referred to if necessary.

9. Present position and salary, if any.

On the date of my resignation of my services with the Government of India, I was drawing a salary of Rs. 650/- p.m. as Inspecting Officer (Textiles) and am now drawing a salary of Rs. 750/- p.m. as Deputy Works Manager, Mysore Spun Silk Mills Ltd., Channapatna in the grade Rs. 650--50--800.

10. Names of two persons to whom reference can be made.

1. K.I.N.Iyengar, Esq., B.A., B.L., A.M.Inst.T.E., Controller of Inspection, Ministry of Industry & Supply, Bombay Inspection Circle, Government of India, 'Feltham House', Graham Road, Ballard Estate, BOMBAY.

2.

H. Pulman Esq.,
Works Manager,
Mysore Spun Silk Mills Ltd.,
Channapatna.

Bangalore,
28th October, 1947.

(C.N.K. MURTHY)

(COPY)

THE UNIVERSITY, LEEDS, 2.

November 3rd, 1938.

Following graduation as B.Sc. (Textiles), C.N.K.Murthy commenced post-graduate research under my direction in 1936. For two years he made a study of the rate of oxidation of olive oil on dyed and undyed tops under various conditions. In the case of undyed tops he was able to show that the maximum rate of oil oxidation takes place when the wool is at or about p^H 9.5, and recommendations were made as to how excessive oil oxidation might be avoided in practice. When tops are dyed in oil, the position is more complicated, but Murthy was able to show that dye trapped by the oil fibre plays little part in modifying the course of oil oxidation, and that the acid used in dyeing is unimportant except in so far as it promotes the introduction of metal catalysts into the oil. Actually, the chief factor promoting excessive oil oxidation on dyed tops was found to be traces of iron introduced into the oil during or subsequent to dyeing, although a similar part is played by chromium in the case of chrome dyes. For a thesis embodying these and other results, Murthy was awarded the degree of Ph.D. in 1938.

During the course of the preceding investigation, Dr. Murthy obtained an extensive knowledge of wool oils, the oiling of wool and the chemistry of oil oxidation. In addition, he is well acquainted with the chemistry of animal fibres, and has obtained knowledge of the specialised methods of studying the properties of such fibres both during and subsequent to the work carried out for the Ph.D. degree.

Dr. Murthy showed himself to be an industrious research worker, and his qualifications in chemistry, textile chemistry and textile technology should fit him for an important post in the research or industrial sphere.

(Sd/- J.B.Speakman, D.Sc., F.I.C.

Reader in Textile Chemistry,
Director of Research in Textile Chemistry.

To

The Secretary,
Board of Management,
Sri Krishnarajendra Silver
Jubilee Technological Institute,
BANGALORE.

Through

The Regional Director of
Resettlement & Employment, Madras.

Through Proper Channel.

Sir,

With reference to your notification No. A1/889 dated 20th September 1947 published in the news paper 'THE HINDU' of 27th September '47, calling applications for the post of Principal and Professor of Textile Technology at the Sri Krishnarajendra Silver Jubilee Technical Institute, Bangalore, I beg to submit my application for favourable consideration.

The information as required by your notification is given below:-

1. Name	G.NODANDA RAO.
2. Caste or community-	Brahmin.
3. Age & Date of Birth-	38 years; 10-8-1910.
4. General educational qualifications with a statement of academic career -	Left for Technical Courses while studying in IInd year intermediate at Nizam's College, Hyderabad Deccan, Madras University.
5. Technical qualifications -	1. Diploma in Weaving Technology, Malaviya Technical Institute, Baroda. 2. Diploma in Chemical Technology at the above institute. 3. Final Grade Certificate of City & Guilds, London in plain cotton weaving. 4. Final examination Certificate of City & Guilds, London in Grade II, Plain and Fancy cotton weaving. 5. Final Certificate of City & Guilds, London in Chemistry as applied to cotton industry.
6. Experience in Technical Teaching -	1. 6 months as Weaving Instructor in Government Cottage Industries Institute, Hyderabad Deccan. 2. 8 months as Foreman Instructor, Vocational Training Centre, Cocanada.
7. Industrial Experience -	1. 3½ months practice in various departments of weaving at Osman Shahi Mills Ltd., Nander Deccan. 2. 6 months practice in dyeing and bleaching department of the above mills. 3. One year as Assistant Foreman in Silk section of Government Cottage Industries, Hyderabad Deccan. 4. Over 8 years as Manager, Government Carpet Factory, Warangal Deccan.

8. Research work done and copies of publications -	Nil, except producing different qualities of textile fabrics in the above period of service.
9. Present position & Salary if any -	Foreman Instructor in Textiles, Government of India, Vocational Training Centre, Vocanada, in a grade of Rs. 200-20-300.
10. Names of persons to whom reference can be made -	1. Sri [illegible], Executive Engineer, [illegible], [illegible] (East Godavari District). 2. Sri [illegible], District Labour Officer, [illegible] ([illegible] District).

Upto the end of January 1947, I was in the service of H.E.H. the Nizam's Government, Commerce & Industries Department, where I put in a service of 10 years. Owing to my private circumstances, I resigned my post there and applied for the post of Principal, Government of India Vocational Training Centre, Vocanada. Unfortunately my application did not reach the Federal Public Service Commission and had to accept the present post of Foreman Instructor in Textiles then offered by the Regional Director of Resettlement & Employment, Madras.

I regret for the inconvenience I am unable to produce the records [illegible] testimonials. Hence I request you to kindly treat the records of Regional Director, Madras as one of the testimonials. As regards [illegible], I will produce the records as soon as it from the Director of [illegible] Madras, [illegible] receive.

oooooooo

I beg to remain,
Sir,
Your most obedient servant,

Vocanada,
-10-1947.

(G.[illegible] RAO).

4. Borebank Road,
Bangalore,
7. October 1947

To
The Secretary,
Board of Management,
Sri Krishnarajendra Silver Jubilee
Technological Institute, Bangalore.

Sir,

With reference to the advertisement in the Daily Post of September 27/1947 for the post of Principle and Professor at the above Institute, I am forwarding my application for the same with the information required and fifteen copies of each of the two testimonials.

1. Percy Cheetham Lewis
2. British
3. 58 years of age, born on June 1st, 1889
4. Educated at Rochdale(Lancashire) Higher Grade School, no Academical degree.

5. Obtained all the City and Guilds certificates for cotton spinning at Shaw and Bolton Technical Schools(Lancashire).

6. As a student at Bolton Technical School, I gave some lectures to the advanced cotton classes, and mutual societies, also coaching a few students for examinations (honorary) on the practical side. I was offered a salaried teacher's post but came to India before I could take it up. Madura Mills have for some years had a scheme of training suitable young men for executive posts. They get both theoretical and practical training to enable them to sit for the City and Guilds examination in Madras and have been very successful. I have trained many of these young men, some of them now holding responsible positions in the firm and elsewhere.

7. Forty five years practical experience commencing in the Mule spinning room, and after a few years transferred to the Card Room. In 1910 I was appointed Assistant Carding

Master at Messrs. Thos. Barnes & Co., Ltd., Bolton, in 1911 was promoted as Carding Master. In 1914 came to India as Carding and Spinning Master at Messrs. Madura Mills Co., Ltd., and remained in their service for 30 years. I have had a wide and varied experience of all kinds of Cotton Spinning Machinery, also erection of the same, and as Manager was responsible for the efficient and economical working of the various departments. I have always been interested in the subsequent processes of yarns, and have some theoretical knowledge of Knitting and Hand Loom Weaving, also Artificial Silk Spinning. At various times I was asked by the firm to visit some of the Large Hand Loom Weaving Centres in Travancore where our yarn was being used. For many years I was an Engineer in addition to my own duties at one of the Mills driven by Water Turbines and had charge of some gins ginning a small percentage of cotton for our own use.

8. A practical man has always to be doing research work to enable his department to run efficiently and economically. Cottons, Settings of different Machines, Mixings of various types of cotton being used, Hanks and Drafts, Strengths, Oils and where possible any New ideas seen in the Trade Journals. This is very necessary at the present time when new Machines and New Methods are being developed to replace the processes at present in use, so theoretical and practical research must be done.

In 1925, I designed a New Carding [illegible] for trial on certain Machines. In 1931 I went to Leicester while on Home Leave to study Knitting Machinery. In 1935 went to Courtaulds Artificial Silk Mills and reported on the suitability of using some of our existing Machinery for Artificial Silk Spinning. I sent in full and detailed reports on all these, but as I was in service I cannot supply copies of them.

9. I am in receipt of a pension of Rs.625/- per month, less Income Tax retiring in 1939, and came to reside in Bangalore, in 1942 I was recalled by the firm as they were short handed and on War work, finally retiring in 1946.

10. Mr. D.A. Wahab, M.A., Bar-at-Law,,
Deputy Director of Public Instruction in Mysore.

Mr. C.V. Sreenivasa Setty,
Yarn Agent, Avenue Road, Bangalore City.

Should I be successful in obtaining the post, I should do my best to maintain the present high standard of technical education and at the same time endeavour to keep in touch with modern practices and ideas. As a practical man I clearly understand the cotton industry has a great future before it, and that the present day students properly trained have grand prospects, but must also know the latest principles and methods which are being developed for modernising of old machinery and equipping of new mills to enable them to complete successfully. Having been connected with the trade for so long, I should try and obtain all particulars and information to ensure that the students would be up to date.

I am prepared, if required, to come for an interview at any time you arrange

I beg to remain,
Sir,
Your obedient servant
P.C. Lewis

From
P.C. Lewis

J.R. Marshall,
c/o
Madura Mills Co, Ltd.

MADURA, 11th April 1947

I have known Mr. P.C. Lewis since 1930, and can vouch for his integrity and sterling character.

As a Director of Messrs. A. & F. Harvey Ltd. and the Madura Mills Co. Ltd., I have naturally had close contact with Mr. Lewis in his work at our various Textiles Mills. I say, without any reservations whatsoever, that Mr. Lewis has been a very efficient and conscientious member of our staff and I am sure that he would be of great value in any job of work calling for wide experience in Textiles.

I understand he has applied for a position with the Ceylon Government, and I wish him luck and trust he proves to be the successful applicant.

Sd/- J.R. Marshall,
Director,
Madura Mills Co. Ltd.

11th April, 1947

To

From

Sir James Doak,
Managing Director,
Madura Mills Co. Ltd.

Sir,

I have known Mr. P.C. Lewis intimately for a matter of 20 years and have a very high regard for his character, his all round knowledge of every branch of cotton spinning and for his proved ability to train and educate young men under his charge.

Mr. Lewis was Manager of a number of our Mills for many years and we cannot speak too highly of his services.

I have every confidence that Mr. Lewis would be most successful as Principal & Professor of Textile Technology, and have no hesitation in strongly supporting his application.

Yours faithfully,
Sd/- Sir James Doak,
Managing Director,

Reference: Your Notification No.A1/889 dated 20th September, 1947.

In continuation of my application dt.3.4.47 forwarded through the Dy.Director General, I. & S. Department, New Delhi.

Sir,

I apply for the post of Principal and Professor of Textile Technology, Sri Krishnarajendra Silver Jubilee Technical Institute, Bangalore.

I attach hereto sheets of paper giving complete information on points enumerated in the Notification referred to above.

As regards organising and administrative capacity I would like to place before you the following facts:-

On the outbreak of the Second World War, I was in charge of inspection of textile stores for civil and defence requirements of the Central Government, State Railways and other semi-Government bodies with a staff of 46 technical subordinates at five inspection sub-Centres. By early 1945, I was able to train and control from the Headquarters in Madras a staff of 7 Gazetted Officers and 101 technical subordinates with inspection sub-Centres at Coimbatore, Mettur Dam, Salem, Udamalpet, Podanur, Trichur, Alwaye, Calicut, Cannanore, Pappsseri, Madura, Tuticorin, Ambasamudram, Tinnevelly, Kolipatti, Quilon, Trivandrum, Bangalore, Channapatna, Mysore, Devanagere, Rajapalayam, Adoni, Yemmiganur, Tirutani, Nagari and Pondicherry. The small organisation that we have had in early 1942 had to be expanded enormously within a short period to cope up with the increasing demands on the South Indian Textile Mills, factories and Co-operative Weaving Societies situated in Mysore, Cochin and Travancore States and Madras Presidency. While shouldering such a responsibility one has to maintain not only a smooth and rapid flow of supplies to various areas and bodies, but also organise so effieiently as to to keep a strict standard of quality of the materials passed and a high standard of morale among staff. I think this has been accomplished.

In the event of my being selected for the post, I feel confident with the experience that I have acquired so far, that I shall be able to discharge my duties as the Professor and Principal to the best advantage of the Institute.

I beg to remain,
Sir,
Your most obedient servant,

(C.P. HALKATTI).

P.S.

All communication may please be addressed to me c/o Dr. B.L. Manjunath,
20, Pusa Road, Karol Bagh,
Delhi.

1. NAME:	C.P. HALKATTI.
2. Caste or Community:	Hindu - Lingayat Community.
3. Age and date of birth.	40 Years. 5th November, 1907.
4. General Educational qualifications with statement of academic career.	(i) Matriculation Examination of the Bombay University. (ii) Intermediate Examination, Victoria University of Manchester (equivalent to B.Sc. (Indian University)) compulsory subjects:- Mathemetics Physics and Chemistry. Year :1935.
5. Technical Qualifications.	(i) L.T.M. (Licenciate of Textile Manufacture Class II in 1933 at Victoria Jubilee Technical Institute, Bombay. I was awarded the Bombay Government Technical Scholarship for higher studies in Manchester. (ii) B.Sc.(Tech)(Manch), Class II in the year 1937 at the College of Technology, Manchester Specialized in Weaving and Design. (iii) A.M.C.T. (Associate of Manchester College of Technology) (iv) Certificate in Plain and Fancy Cotton Weaving (Applied Design) Class I in the year 1937 at the City & Guilds of London Institute, London, Department of Technology.
6. Experience in Technical Teaching.	During the war time it was not possible to get enough no. of technically qualified persons to execute the work in I.& S. Department. Therefore technical classes were conducted for non-technical personnel and a course of lectures on various aspects of Textile Technology were given by me. These candidates were only admitted to I. & S. Department after passing an Examination equal in standard to many of the Technological Institutes in India.

7. Industrial Experience:

Practical training for a period of about a year was obtained at the following Textile Mills and Factories:

(a) Pearl Mills, Bombay.
(b) Messrs. Van Heek & Co., Enchede, Holland, in their cotton mills.
(c) Messrs. Mech.Buntweberei,Bronnweiller, Germany, in their Weaving and Dying Mills
(d) Messrs. Butterworth & Dickson Ltd., Burnley(Lancs) in their Loon Manufacturing Workship.
(e) Messrs. Platt Bros., Oldhap(Lancs) in their Spinning Machinery Manufacturing W
(f) Messrs. Mather and Platt Ltd.,Manchester, in their Textile Preparatory and Finishing Machines Workshop.
(g) Messrs. British Northrop Limited, Blackburn (Lancs) in their Automatic Looms Manufacturing Workshop.

I returned to India in March 1938 and worked in the following Textile Mills andGovernment Department :

(h) Gaekwar Mills, Dillimore, Baroda State, for six months in 1939 as Assistant Weaving Master.
(i) Vidarbha Mills Limited, Ellichpur (C.P.) for a year as Assistant to the Dire of the Mills in 1939-40.

(j).....

(j) Indian Stores Department: I joined this Department on 18.6.40 as Inspector of Textiles. I was promoted as Inspecting Officer (Tex) in June 1942. I worked in the above capacities at Calcutta, Bombay and Madras. I was transferred to Bombay on promotion as Dy. Controller of Inspection, Bombay Circle, in April 1947; the grade of Rost being Rs.1200-50-1500. I was working in this capacity till I joined the Indian Standards Institution as an Assistant Director.

8.	Research work done with copies of publications.	No research on technical subjects has been conducted so far.
9.	Present position and salary, if any.	Assistant, Director, Indian Standards Institution. Basic Salary - Rs.840/- per month in the grade of Rs.700-35-1050. Dearness Allowance at 17½% Rs. 147/-
10.	Names of two persons to whom a reference can be made.	(1) V.S. RANGASAYI ESQUIRE. Controller of Inspection, Department of I. & S. Madras Inspection Circle, 8, Ritherdon Road, Vepery, Madras. (2) A.B. LATHE ESQUIRE. Ex-Minister of Finance, Government of Bombay, Thalakwadi, Belgaum.
11.	Recent testimonials.	Attached.

12. General Activities:

(A) Secretary, the V.J.T. Institute Textile Association, Bombay 1932.

(B) Elected Overseas' Students' Representative of the Student Christian Movement in the Manchester College of Technology in the year 1936.

(C) Winner of the Tennis Tournament Championship held by the V.J.T. Institute, Bombay in 1932-33.

(D) Captain the Manchester University Tennis team in 1936-37 and was awarded the full colours of the Manchester University Athletic Union in the same year.

(E) Awarded the "PHATAK PRIZE" in 1937. This prize is given to the Indian student who is considered as the best alround man of the year not only in studies but also in the Social and Athletic life of the College.

I have known Mr. C.P. Halkatti for the last six years both in my official as well as private capacity. At present he is working as an Inspecting Officer under me. I always found him straightforward painstaking and efficient in his work. He bears an excellent character. His pleasing manners endear him to his superiors and earn the respect of his subordinates.

UNIVERSITY OF MANCHESTER
Faculty of Technology.

College of Technology,
Manchester, 1.
3rd February, 1938.

Mr. CHANDRASHEKHAR PHAKIRAPPA HALKATTI was a student of the Faculty of Technology in the University of Manchester from October 1933 to July 1937, when he followed the full time day courses in Textile Industries leading to the Ordinary Degree of Bachelor of Technical Science (B.Sc. Tech.). He proceeded successfully through the Undergraduate course and passed the Final Examination in 1937, graduating B.Sc. Technical. The degree carries with it the title of Associate of the Manchester College of Technology (Assoc. M.C.T.).

The course Mr. Halkatti followed covered a wide field of subjects allied to the Textile Industry and in his final year he specialised in Weaving and Design. He was awarded in 1937 the 'Phatak Prize' (a) which is awarded annually to the Indian Student who is judged by the Indian Students of the College to be the best all-round man of the year, not only in studies, but also in the social and athletic life of the college. He took a prominent part in the University Tennis and Badminton Teams, representing the University in Inter-varsity matches, and he was awarded Full Colours. He was for some time the Overseas' Students' representative of the Student Christian movement in the College. He has a pleasing personality and was popular with his fellow students.

During college summer vacations, and since graduation, he has obtained valuable practical experience with certain leading textile manufacturing firms in England, Germany and Holland and in view of this and the thorough academic training he has received, I feel sure he will give every satisfaction to his employers, and I wish him every success.

Sd/-
DEAN OF THE FACULTY AND
PRINCIPAL OF THE COLLEGE.

APPLICATION FOR THE POST OF PROFESSOR AND PRINCIPAL OF THE S.K.S.J. TECHNOLOGICAL INSTITUTE.

Name : M. R. KRISHNAMURTHY

Caste or Community: HINDU (Brahmin)

Age & date of Birth: 34 years (17-1-1913)

General Educational Qualifications: B.Sc. (Physics, Mathematics and Chemistry) (Mysore University)

Technical Qualifications:

1. B.Sc. Tech. (Victoria University, Manchester)

   Subjects: Textile Technology like Spinning, Weaving, Hosiery Manufacture, Textile Engineering and Economics and other allied subjects.

2. A.M.C.T. (Associateship of the Manchester College of Technology, Manchester)

3. A.T.I. (Associate of the Textile Institute, Manchester) (Only Mysorean possessing Associateship)

Experience in technial teaching:

1. 7 years of teaching experience in all textile subjects for the Diploma and Certificate Courses in the above Institute.

2. Teaching 'Textile Technology' for the Degree Course started in 1946-47.

Industrial Experience:

1. Apprenticeship in Messrs. PLATT Bros., Textile Machinery Manufacturers, LANCASHIRE, England.

2. Worked in 'Spring Hills', Bombay.

3. Worked in the Cotton Research Laboratory, Matunga, Bombay.

4. Invited by the Madras Government to give evidence before the Court of Enquiry regarding wages and other technical matters pertaining to South India Textile Industries.

Research work done with copies:	Published articles on several aspects of the Indian Textile Industry, like (1) Standard Cloth Scheme; (2) Post-war India & Cloth Production; (3) Textile Industries in Mysore State, etc.
Present position and salary:	Assistant Professor in the S.K.S.J. Technological Institute. Present salary - Rs.200/- per month. (The salary will be revised to Rs.250/- per month)
Names of two persons to whom a reference can be made:	1. Dr. Sir J.C.Ghosh, Kt., D.Sc., F.N.I., Director, Indian Institute of Science, Bangalore. 2. K. Shamsuddin Khan Esq., Director of Sericulture, c/o City Co-operative Bank, Chamarajpet, Bangalore City.
Other particulars:	1. In the Institute I am the only one at present who has got foreign qualifications 2. In Bombay, Cawnpore, Madras and even in Manchester, all the Professors in the Textile Institutes are of my own qualifications. 3. As I am already a graduate of the Manchester University, I can go and get M.Sc.Tech. in one year. If I am given the Professor's post here, I will go to Manchester next year and qualify myself for M.Sc.Tech. In order to get this, I do not require any financial help from Government. 4. An Assistant Professor who resigned from this Institute has joined the Bombay V.J.T.Institute on Rs.600-25-700, Again Bombay University has advertised for a Reader and if I go there I can get the post on the same salary.

T R Krishnamurthy

Rao Bahadur
M. VENKATARAMAIYA
Chairman
Court of Enquiry (Textile)

Fort St. George,
Madras.
17th April 1947.

Mr. M.R.K. Murthy, B.Sc., B.Sc.Tech. (Manch.), A.M.C.T., A.T.I., Assistant Professor, Jubilee Technological Institute, Bangalore, was called in to give expert opinion on certain matters connected with the textile industry before the Court of Enquiry, and I am glad to say that I found that he has a profound knowledge of the subject and the opinion which he gave was declared to be sound and unquestionable. He also evinced a good knowledge of the conditions in which labour is working in the mills in India. I shall be glad to hear that a person with such attainments gets due recognition at the hands of the industrialists as well as the Government.

11th April 1947.

TO WHOM SO EVER IT MAY CONCERN

It has been my pleasure to know Mr.M.R.Krishna Murthy, B.Sc., B.Sc.Tech., Manchester, A.T.I., for some years.

His qualifications as Textile Technologist are indeed of a high grade, and if I may venture to express my opinion he should prove ideal for the post of Professor and Principal of Sri Krishna Rajendra Silver Jubilee Technological Institute of Bangalore. I might add, in passing, that he is the only Associate of the Textile Institute of Great Britain in Mysore State.

The Institution should indeed be fortunate in securing the services of Mr.Krishna Murthy, as Principal and Professor, especially as he is conversant with all aspects of the Indian Textile Industry. I have read all his articles published on different occasions.

He has always impressed me as a young man of high abilities and exemplary character.

(Sd.) S. Kamesam.

Worked up and submitted on .....

NOTES AND ORDERS.

In response to the advertisement for the post of Principal and Professor of Textile Technology, applications have been received from the following fourteen persons:--

Messrs.
1. T.M.Janardhan
2. R.P.Richardson,
3. N.Banerji
4. B.N.Patel
5. A.N.Das
6. V.S.Viswanatha Iyer
7. M.B.Satyamurthy
8. Srinagabhushana
9. V.V.Gupte
10. C.K.Murthy
11. C.Kodanda Rao
12. P.C.Lewis
13. N.Majumdar
14. C.P.Halkatti.
15. M.R. Krishna Murthy.

The last date for receipt of applications was 1st November 1947

(1) Mr. C.P.Halkatti's application was received to-day, 3rd November 1947. But on 1st November 1947 a telegram was received from him stating that the application is forwarded by his employers, Delhi, by air mail on 31st.

(2) Numbers 2, 3, 5 and 13 have not sent the required number of 15 copies of applications.

(3) Numbers 1, 2, 3, 4, 5, 7, 10 and 13 have not sent the applications through their employers

Note.—Contn. Sheet.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHN
THE MAHARAJA OF MYSORE.

====

Read:-

Letter No. A1/-4286 dated 13th June 1947 from and Secretary, Board of Management of Sri Krishnara Jubilee Technological Institute, Bangalore, requesti to the resolution of the Board passed at a meeting he May 1947.

***

O R D E R No. 839-40/C.E.60-47-1,

Dated, Bangalore, 18th August 1947.

It is stated that nine applications from persons outside the Mysore State were received in response to a tisement calling for applications for the post of Prine Professor of Textile Technology at the Institute on a pa Rs. 400-25-700 plus an allowance of Rs. 100/- per mensem. These applications were carefully scrutinised by the Boar Management of the Institute as regards the general and tec qualifications and the practical and teaching experience of ea one of the candidates and the Board found that none of them possessed all the qualifications necessary for the Principal-ship of a Degree College of Textile Technology. It was also felt that, while the status of the Institute had been raised by the development of the Diploma Course into B.Sc.(Text) Course, and considering the present status of the Institution and the onerous duties and heavy responsibilities of the Principal and the technical recognition that the institution should receive in India and elsewhere, no candidate possessing necessary qualifications and experience could be expected to apply unless the scale of pay offered was sufficiently attractive to such candidates.

The question of strengthening and raising the status of staff in view of the starting of the B.Sc.(Text.) course in th Institute was also considered by the Board and it was of

manimous opinion that one of the Assistant Professor's posts should be converted into a Professorship on Rs. 400-25-700.

It was accordingly resolved that:

(1) that the Committee do strongly recommend sanction of the scale of pay of Rs. 800-50-1000 for the post of Principal and Professor of Textile Technology, the post being re-advertised on the revised scale of pay as soon as it is sanctioned by Government.

(2) that the staff of the Institute be strengthened and its status raised by converting one of the two existing posts of Assistant Professors to that of a Professor in the grade Rs. 400-25-700.

(3) that Mr. Srinagabhushana, who was one of the applicants for the post of Principal be appointed as Professor when the post as recommended in No. (2) above is sanctioned by Government".

Government are pleased to sanction the resolution of the Board with the modification that the pay of the post of the Principal be fixed at Rs. 600-50-1000 and that the starting pay to be given need not necessarily be the minimum but may be higher depending upon the qualifications and experience of the applicant, the extra cost involved thereby being met from the savings in the Budget grants of the Institute under "26, Edn-94,Sri Krishnarajendra Silver Jubilee Technological Institute, Bangalore, - Salaries" for the year 1947-48.

Sd/ K.Malleshayya,
for Secretary to Government,
Education Department.
